PRESS RELEASE

REPA Middle East Exhibits at GulfHost 2026

Where original spare parts experts meet foodservice professionals.

Dubai, October 27, 2026

From November 3rd to 5th, REPA Middle East, the recently established Dubai-based branch of REPA and division of Parts Town Unlimited, will exhibit at GulfHost 2026 in Dubai, the most important hospitality and foodservice equipment exhibition in the MENA region.

The right player to simplify the original parts sourcing

At Stand Z6-A76, in Za'abeel Hall 6, the REPA Middle East team of experts will showcase the solutions designed to simplify original spare parts sourcing, management and distribution to service companies, distributors, operators, equipment professionals and OEMs.

A local hub for global brands

With its **fulfillment center in Dubai's** Jebel Ali Free Zone, where the **region's largest range of original OEM spare parts** is stocked and delivered in 24-48 hours in the Middle East, a local team, ready to support customers in their time zone with customs and technical expertise, as well as transparent pricing in USD displayed in the eCommerce platform, REPA Middle East is the right partner to enhance MENA's expanding hospitality and foodservice sector**.**

We are particularly pleased to exhibit at GulfHost, where we'll connect with foodservice professionals, listen to their needs, and present dedicated solutions to meet their daily challenges" says **Luigi Tonon, Managing Director of REPA Middle East,** who adds: *"With our local presence, and thanks to partnerships with leading OEMs of the foodservice, refrigeration and coffee sector - who trust on us to make their original spare parts quickly available in the Middle East, Africa and India - we are creating the conditions to speed up the equipment's repair, and support the business of OEMs, service companies and all foodservice operators in these regions."*

Where to meet REPA Middle East

GulfHost, November 3-5, 2026
Dubai World Trade Centre
Za'abeel Hall 6, Stand Z6-A76

REPA MIDDLE EAST

REPA Middle East offers a wide selection of spare parts for foodservice, refrigeration, coffee and vending from the most important OEM brands on the market, all available through its eCommerce platform. Its spare parts experts, including a Dubai-based team, with years of customs and technical expertise, are ready to assist customers and OEMs in their time zone. The local fulfilment center in Dubai - stocked with mission-critical original spare parts - allows to speed up maintenance of equipment and distribution of spare parts while keeping costs down, thanks to fast, local availability.
REPA Middle East is part of REPA, the European division of Parts Town Unlimited.
