# The Immune Power of Antioxidants

Nutra-Support® Immune provides a powerful blend of the most beneficial antioxidants for promoting healthy immune system function. Glutathione, recognized as the “master” antioxidant, is the most abundant and powerful antioxidant in our body. It’s composed of three amino acids, cysteine, glutamine, and glycine, which works together to convert destructive molecules, including free radicals, into harmless compounds. Glutathione also helps boost the immune power of other antioxidants, like vitamins C and E and alpha lipoic acid – all found in Nutra-Support® Immune. Additional ingredients such as garlic and asparagus work to further boost immunity.\* Provide your body with the powerful antioxidant protection of Nutra-Support® Immune.

2 Capsules Provide	
Vitamin C (ascorbic acid)	200 mg
Vitamin E (from d-alpha tocopheryl succinate)	67 mg
Riboflavin (Vitamin B-2)	5 mg
