Think Tank: Paul Keating

Paul Keating in conversation with Kerry O'Brien - Saturday, October 24 at 1pm & 10pm AEDT on ABC News 24

On Saturday at 1pm & 10pm AEDT, ABC News 24 presents **Think Tank: Paul Keating**.

Recorded earlier this week on stage in the sold-out Sydney Opera House Concert Hall, veteran journalist Kerry O'Brien and former prime minister Paul Keating sit down for a one-on-one conversation and produce a tour de force of political wisdom and personal insight that weaves through the Keating years.

The two know each other well. In 2013, ABC screened *Keating: The Interviews*, a four-part series on the life and career of the former prime minister. Building on the transcripts of this landmark series and drawing from many hours of further interviews, O'Brien has this week released *Keating* - a comprehensive book on Keating's significant impact on Australian public life, published with Keating's full cooperation.

Think Tank: Paul Keating is made with the assistance of the Sydney Opera House Trust as part of Ideas at the House.

Think Tank: Paul Keating will be available on ABC iview.
