SUPREME+ NIGHT POWER BOUNCE CREME

Harness the Power of Night with New Night Collagen Moisturizer

Available as from September 2024

Leveraging 40 years of Night Repair Expertise and 30 years of Collagen Research, Estée Lauder introduces **New Revitalizing Supreme+ Night Power Bounce Creme**. Harnessing the power of night collagen action with breakthrough CollaNight-8™ technology, this revolutionary formula boosts skin's bounce in just four hours and delivers visible line reduction overnight.

- **Lines look reduced by 15% in just one sleep.**¹
- **Bounce boost in just 4 hours.**²

Skin is plumped and deeply hydrated until morning and beyond, over time it feels firmer, looks more lifted. Wrinkles and neck lines are visibly reduced. Every application delivers a supremely indulgent experience as the transformative bi-layer texture melts from dense to weightless into the skin.

ESTÉE LAUDER INSIGHTS INTO SKIN AT NIGHT

Skin acts differently at night. It loses more moisture than during the day and experiences high levels of collagen-damaging irritation that weakens skin's collagen network. Estée Lauder Research has shown that skin's natural collagen production peaks at night. To support this natural rhythm and support skin's restorative hours, Estée Lauder created CollaNight-8™ technology, found exclusively in **NEW Night Power Bounce Creme**.

NIGHT COLLAGEN POWER WITH COLLANIGHT-8™: PRODUCE, PROTECT, REPAIR

CollaNight-8™ technology features eight powerhouse collagen ingredients: Moringa Extract and Hibiscus Morning Bloom Extract, Collagen-Boosting Technology (a trio of collagen boosting ingredients), Algae Extract, Sigesbeckia Extract and Vitamin E. This multi-action breakthrough helps with:

NATURAL COLLAGEN PRODUCTION: The formula supports skin's natural collagen production. Key ingredients in CollaNight-8™ help deliver a **10X³ boost of skin's natural collagen**.

COLLAGEN PROTECTION: Key ingredients in CollaNight-8™ help safeguard skin's natural collagen with **3-Factor Collagen Protection**. Soothing ingredients help protect against types of damage linked to irritation. Anti-oxidants help protect against environmental damage.

New Night Power Bounce Creme keeps skin feeling firm and bouncy, and looking younger and smoother.

In vitro testing: Collagen Boosting Technology + Moringa Extract + Hibiscus Morning Bloom Extract Fraction vs. control/no treatment after 96 hours.
