ŠKODA

ŠKODA OCTAVIA A CLASS OF ITS OWN

DESIGN

EXTERIOR

- > Newly designed front with striking, bold horizontal lines, radar sensors in the front grille
- > Full-LED crystalline headlights with AFS, reworked wider front bumper with integrated fog lights
- > Two LED tail light variants with typical C-shape; top-of-the-range variant now appears as a homogeneous lighting surface; contours in the lights improve the flow separation, thereby improving the car's aerodynamics
- > Body 11 mm longer (Combi: 8 mm)

INTERIOR

- > New materials and black/brown upholstery, revamped range of decorative strips
- > Ambient lighting (choice of 10 colours)

TIMELESS NATURE

- > Crystalline structure and features inspired by traditional Czech crystal glass art

OVERALL PACKAGE

SPACE

- > ŠKODA OCTAVIA and ŠKODA OCTAVIA COMBI continue to set the benchmark in terms of interior space with a 2,686 mm wheelbase
- > Generous rear legroom (73 mm)

BOOT

- > Boot capacity of 590 l (hatchback), 610 l (Combi)
- > Capacity of up to 1,740 l, can fit items of up to 2.92 m in length

INTERIOR EQUIPMENT

- > Four new infotainment systems, capacitive touchscreens and elegant glass design
- > Top-of-the-range Columbus system with a 9.2-inch screen and LTE module provides a Wi-Fi hotspot
- > SmartLink+
- > Canton Sound System with 10 speakers
- > Heated steering wheel
