TECHNOLOGY DEDICATED TO THE SKIN WITH TESLAMED BY NESSENS

Unique in France, these exclusive treatments combine the effectiveness of Nescens cosmeceutical rituals with the performance of Teslamed Technology, based on the emission of ionic flows and micro-currents. The effects are multiple, with microlifting of the face and eyelids, firming of tissues, brightening of the complexion, treatment of dark circles, puffiness and acne scars, as well as deep cleansing of the skin.

TWO NEW TARGETED TREATMENTS AT THE SPA NESSENS AT LA RÉSERVE PARIS:

- The Revitalizing and Lifting-Effect Facial begins with a nanodermabrasion step to tighten pores and reduce blemishes and imperfections. The diffusion of Teslamed ionic flows and micro-currents remodels the contours of the face and lifts the eyelids, deeply toning skin tissue. Finally, application of the Nescens lipid-replenishing mask soothes and moisturizes the skin. This one-hour treatment can be extended with a 30-minute Nescens signature facial massage to prolong the effects.

1 h / €260, 1h30 / €340

- The Focus on your Gaze Facial is ideal before an event or after a long trip. Teslamed technology lifts the eyelids, erasing dark circles and puffiness as well as all traces of fatigue. The Nescens Renovating Gel Mask is then applied to moisturize the eye contour area and enhance the youthful appearance of the eyes.

30 min / €160

THE POWER OF TARGETED DEEP SHOTS:

30 minutes for a skin glow-up

- The Hyaluronic Acid deep shot consists of diffusing an exclusive complex of hyaluronic acids of different molecular weights for long-lasting deep hydration and an immediate radiance boost to the skin, which is instantly plumped and smoothed.

30 min / €160

- The Elixir of Youth deep shot is a new global anti-aging treatment that releases a cocktail of essential youth-giving active ingredients, based on glutathione, peptides, B vitamins and growth factors. The skin is immediately transformed, with increased elasticity and firmness, along with an incomparable glow for a radiant face. A ritual that quickly becomes addictive.

30 min / €160

The finesse of the skin diagnosis, the deft, accurate touch and the high concentration of Nescens cosmeceutical products combined with the TeslaMed technology unique in France make the Spa at La Réserve Paris a must for people seeking ultra-performing, non-invasive results. Nescens Expert Rituals can be used on their own or combined with a treatment or massage.
