

Sennheiser Introduces Wireless Planner for Fast, Easy Configuration

New step-by-step web-based tool helps customers quickly plan a complete SpeechLine Digital Wireless or EW-DX setup

Wedemark, August 6, 2025 – **Sennheiser**, the first choice for advanced audio technology that makes collaboration and learning easier, today announced its new, free online tool for simple configuration of its wireless microphone solutions. Named Wireless Planner, the tool offers customers switching to a new SpeechLine Digital Wireless or EW-DX microphone system a quick and easy way to decide on the right Sennheiser solution and how best to configure it when designing for education, corporate or live environments.

Wireless Planner is designed to help customers facing tight timelines quickly complete a Sennheiser wireless microphone setup making it ideal for time-sensitive projects. The intuitive step-by-step, web-based interface allows users to select channel count, receivers, transmitters, batteries, chargers, antennas and more to meet their specific project requirements.

“Building off the success of our Sennheiser Room Planner, our new Wireless Planner aims to provide the same user-friendly experience to customers deploying a new wireless microphone system,” stated Simon Poulton, Product Marketing Manager, Wireless, Sennheiser. “As Sennheiser offers wireless microphone solutions for any use case and environment, this easy-to-use, time-saving tool lets customers quickly and easily design and configure a SpeechLine Digital Wireless or EW-DX system that expressly suits their project needs.”

After completing a setup using Wireless Planner, users will receive a full summary of their design, including a system overview, itemised Bill of Materials, product names, spec sheets and article numbers. To ensure that every project detail meets the user’s specifications, additional support from Sennheiser’s technical and sales teams is also available as needed.

Sennheiser Wireless Planner is available now and can be accessed [HERE](#).

About the Sennheiser Brand – 80 Years of Building the Future of Audio

We live and breathe audio. We are driven by the passion to create audio solutions that make a difference. This passion has taken us from the world's greatest stages to the quietest listening rooms – and made Sennheiser the name behind audio that doesn't just sound good: It feels true. In 2025, the Sennheiser brand celebrates its 80th anniversary. Since 1945, we stand for building the future of audio and bringing remarkable sound experiences to our customers. While professional audio solutions such as microphones, meeting solutions, streaming technologies and monitoring systems are part of the business of Sennheiser electronic SE & Co. KG, the business with consumer devices such as headphones, soundbars and speech-enhanced hearables is operated by Sonova Holding AG under the license of Sennheiser.
