[1] Screen has rounded corners. When measured diagonally as a rectangle, screen is 6.3 inches (for Pixel 11 and Pixel 11 Pro) and 6.8 inches (for Pixel 11 Pro XL). Actual viewable area is less. Dimension may vary by configuration and manufacturing process.

[2] Not available for all apps or content.

[3] HDR brightness measured at 100% on-pixel ratio. Peak brightness measured at 5% on-pixel ratio.

[4] Dimensions and weight vary by configuration and manufacturing process.

[5] Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower. Over time, Pixel software will manage battery performance to help maintain battery health as your battery ages. See g.co/pixel/battery-tests and g.co/pixel/batteryhealth for details.

[6] Estimate of typical capacity based upon testing and expected cell behavior.

[7] Wired charging rates are based upon use of the Google 45W USB-C® Charger plugged into a wall outlet. Actual results may be slower. Adapters sold separately. See g.co/pixel/battery-tests and g.co/pixel/batteryhealth for details.

[8] Compatible with Pixel 11, Pixel 11 Pro, Pixel 11 Pro XL, Pixel 11 Pro Fold and Pixel 10 Pro XL for charging rates of up to 25W, and a rate of up to 15W for Pixel 10, Pixel 10 Pro, and Pixel 10 Pro Fold . See g.co/pixel/pixelsnap for more details.

[9] Storage specifications refer to capacity before formatting. Actual formatted capacity will be less.

[10] Restrictions apply. Some data is not transmitted through VPN. Not available in all countries. Use of VPN may increase data costs depending on your plan. See g.co/pixel/vpn for details.

[11] Available in select countries and languages. See g.co/pixel/callassist for Spam protection details. See g.co/pixel/scam-detection-help for more details. Scam Detection is not 100% accurate and scammers constantly change tactics. Always use caution when answering calls from unknown numbers.

[12] Reflects megapixels for camera sensor. Camera image resolution output may be less when using default settings. 120x Pro Zoom results may vary.

[13] Reflects megapixels for camera sensor. Camera image resolution output may be less when using default settings.

[14] Not available for all cameras, apps, or modes.

[15] Reflects megapixels for camera sensor. Camera image resolution output may be less when using default settings.

[16] Not available for all cameras, apps, or modes. Up to 120x results may vary.

[17] Results may vary.

[18] Availability may vary by country and language. See g.co/photos/ask for details. Results may vary. Available to users 18+.

[19] All Pixel 11 devices are designed for Gemini Intelligence. Individual Gemini Intelligence feature availability will vary by location. For example:

- Rich, detailed cards in messages: launching in US, JP and in English in CA, UK, AU, MY, IN, SG.

- Proactive suggestions to help you save information across the apps you visit: launching in US, JP and in English in CA, UK, AU, MY, IN, SG.
- Proactive suggestions in chat apps that get handed off to Gemini, such as comparing hotel links in your chat or booking a restaurant reservation: US only at launch
- Location based suggestions are available in US, JP and in English in CA, AU, MY, IN, SG.

[20] Available for select countries and languages to users 18+. Feature availability will vary. Check responses.

[21] Check responses. Compatibility and availability varies. 18+.

[22] Available for select countries and languages to users 18+. Feature availability will vary. Check responses. (Or "Check responses. Setup required. Compatibility and availability varies. 18+")

[23] Available for select countries and languages to users 18+. Feature availability will vary. Check responses.

[24] Requires internet connection and compatible apps and surfaces. Results may vary depending on visual matches.

[25] Results may vary. Check responses for accuracy. Available in select countries and languages. Not available for all media or apps. See g.co/pixel/livetranslate for more information. Translation may not be instantaneous.

[26] Available in select countries and languages. See g.co/pixel/callassist for details.

[27] Designed to comply with dust and water protection rating IP68 under IEC standard 60529 when each device leaves the factory but the device is not water or dust proof. The accessories are not water or dust resistant. Water resistance and dust resistance are not permanent conditions and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Phone is not drop/tumble proof and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles, slips, and other external forces are not covered under warranty. Liquid damage voids the warranty. See g.co/pixel/water for details.

[28] Recycled aluminum is at least 11% of product based on weight.

[29] Based on retail packaging (excluding adhesive materials and required plastic stickers) as shipped by Google. To meet the request of some retail partners, stickers and/or security tags are applied to some packaging variations and may contain plastic.

[30] Recycled cobalt and lithium is at least 27% of the battery cell weight.

[31] Recycled rare earth elements are at least 22% of the magnet weight for each item.

[32] Recycled tungsten is 55% of the haptics engine weight. Recycled copper is 3% of the haptics weight.

[33] The recycled copper is at least 58% of the main logic board weight. The gold plating of the main logic board is made with 100% recycled gold.

[34] Solder paste is made with multiple materials and contains at least 85% tin.

[35] This recycled plastic accounts for at least 1% of the product based on product weight. This does not include plastics in printed circuit boards, labels, cables, connectors, electronic components and modules,

optical components, electrostatic discharge (ESD) components, electromagnetic interference (EMI) components, films, coatings and adhesives.

[36] Will receive updates for 7 years from when the device first became available on the Google Store in the US. See g.co/pixel/updates for more information.

[37] Restrictions apply. Setup required. Service included at no additional charge for the first two years after activation of devices. Available in the US. Connection and response times vary based on location, site conditions, and other factors. See g.co/pixel/satellitesos for details. **[US]:** Restrictions apply. Setup required. Service included at no additional charge for the first two years after activation of devices. Available in the US. Connection and response times vary based on location, site conditions, and other factors. See g.co/pixel/satellitesos for details.

[38] Personal Safety app features are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For more information, see g.co/pixel/personalsafety.

[39] Crisis Alerts available in Personal Safety app. Personal Safety app features are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For more information, see g.co/pixel/personalsafety.

[40] Car Crash Detection not available in all languages or countries. Car Crash Detection may not detect all accidents. High-impact activities may trigger Car Crash Detection. This feature is dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For country and language availability and more information see g.co/pixel/carcrashdetection.

[41] Personal Safety app features are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For more information, see g.co/pixel/personalsafety.

[42] Cellular or Wi-Fi connectivity required. Available in certain countries and regions. See www.android.com/safety/emergency-help/emergency-location-service/how-it-works for availability details. Contacting emergency services will automatically enable your device's location permissions at the time of contact, but your settings will revert afterwards.

[43] Personal Safety app features are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. For more information, see g.co/pixel/personalsafety.

[44] Supplemental and does not replace official government systems. Cellular connectivity or Wi-Fi required. Alerts must be enabled. Notifications are sent for earthquakes with estimated magnitude 4.5 and above. See support.google.com/android/answer/9319337 for availability details.

[45] Feature is carrier dependent. Not supported by all carriers or in all countries. Contact carrier for details.

[46] Requires compatible app and earbuds/headphones (sold separately) and supported content. See g.co/pixel/spatialaudio.

[47] 2.4GHz, 5GHz, and 6GHz available where permitted by local laws.

[48] Requires compatible device. Accuracy dependent upon distance, orientation, signal obstruction and other factors.

[49] Works on most major carrier networks. Contact carrier for details. Cellular service and band support are carrier dependent and not available in all areas. Some bands supported by the device hardware may not be enabled. See g.co/pixel/networkinfo for details.

[50] Requires a 5G data plan (sold separately). 5G service not available on all carrier networks or in all areas. Contact carrier for details. 5G service, speed and performance depend on many factors, including carrier network capabilities and signal strength. Actual results may vary. Some features not available in all areas. Data rates may apply. See g.co/pixel/networkinfo for info.
