PROTECTION, PERFECTED.

ADVANCED MOUSSE DELIVERY

POWERED BY EVYDERM TECHNOLOGY™

EVY

CARE BEYOND THE SURFACE

At **EVY**, we believe skincare should support life as it happens. UV, heat, cold, wind and environmental stress all place different demands on the skin.

Our formulas are designed to support the skin barrier, maintain resilience and perform reliably through changing conditions. From sun protection to daily skincare, recovery and tan care, EVY combines advanced delivery with multifunctional formulas developed for sensitive skin and everyday use.

All your skin needs, nothing it doesn't.
For lifelong skin health, for everyone.

POWERED BY EVYDERM TECHNOLOGY™

EVY

SUN CARE

DESIGNED FOR REAL EXPOSURE

SUN CARE RANGE is developed for real life and real movement. Designed for sensitive skin and suitable for all skin types, it delivers long-lasting, water- and sweat-resistant UV protection for everyday exposure, sport, swimming and demanding outdoor conditions.

The mousse distributes evenly within the upper layers of the skin, helping create durable, even protection that stays in place through movement, water and sweat. Free from preservatives, perfume and drying alcohol. For year-round use.

POWERED BY EVYDERM TECHNOLOGY™

EVY

LIGHT AS AIR, LASTS LONGER

EVY SUNSCREEN is developed for sensitive skin and suitable for all skin types. Its long-lasting, water- and sweat-resistant formula is made to perform through sport, swimming and year-round outdoor exposure.

The lightweight mousse distributes evenly and absorbs without visible residue, while antioxidants including vitamins C and E support the skin against environmental stress.

Free from preservatives, drying alcohol and perfume. Available in SPF 20, 30 and 50 for face and body. Resistant to both salt and chlorinated water.

POWERED BY EVYDERM TECHNOLOGY™

GENTLE, RELIABLE, EVERYDAY.

FOR SKIN THAT'S STILL GROWING

EVY KIDS SUNSCREEN is developed for delicate, sensitive skin and is suitable from 6 months of age. The lightweight formula distributes evenly and absorbs quickly, leaving skin comfortable through everyday wear.

Free from fragrance, preservatives and drying alcohol, it provides long-lasting protection without stickiness or visible residue.

KIDS SPF 30 is designed for everyday outdoor exposure.

KIDS SPF 50 provides higher protection for stronger sun and longer days outside.

POWERED BY EVYDERM TECHNOLOGY™

DESIGNED FOR PLAY. MADE FOR SKIN.

UVA

High UVA protection across both SPF 30 and 50.

BUILT TO STAY

Water-resistant designed for movement, play and long days outside.

FROM 6 MONTHS

Developed for delicate and sensitive skin.

LIGHT ON SKIN

Fast-absorbing and non-sticky.

EVY

SKIN CARE

LESS ROUTINE MORE RESULTS

EVY SKIN CARE is designed around barrier-first performance and intelligent delivery. Each formula combines multiple skin benefits in one step, distributing evenly and working within the skin's upper layers for consistent, efficient performance.

Designed for sensitive, reactive and stressed skin, the range supports hydration, renewal, resilience and daily protection without overwhelming the barrier.

POWERED BY EVYDERM TECHNOLOGY™

EVYDERM TECHNOLOGY™

DELIVERY IS THE DIFFERENCE

EVY chose mousse for its superior function.

Advanced mousse delivery helps the formula spread evenly across the skin, creating more consistent contact and controlled application.

Once applied, the formulation works within the upper layers of the skin, forming a breathable, flexible membrane that helps sustain the performance of active ingredients and hydration.

The airtight aerosol system keeps the formula sealed from air and external contamination from first use to last, helping preserve stability and freshness without preservatives.

+ UNIQUE DELIVERY SYSTEM
+ LONG-LASTING PERFORMANCE
+ BARRIER-FIRST FORMULATION
+ AIRTIGHT PURITY

SOOTHE. REHYDRATE. RESTORE.

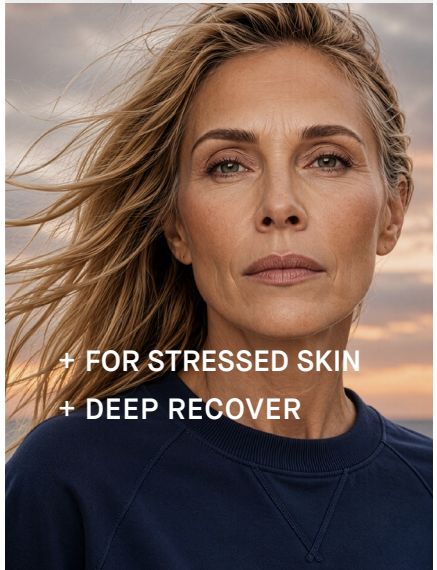

RECOVER, AFTER ALL

RECOVER MOUSSE is designed to deeply hydrate, soothe and restore comfort to dry, tight or stressed skin while helping strengthen the skin barrier. Its lightweight mousse delivers long-lasting hydration and helps reduce dryness, tightness and flaking, leaving skin soft, smooth and refreshed.

Suitable for all skin types, including sensitive skin, and for face and body. Ideal after sun exposure, shaving, hair removal or professional skin treatments such as laser and chemical peels, or whenever skin needs extra hydration and comfort.

POWERED BY EVYDERM TECHNOLOGY™

STYLE. SHIELD. STRENGTHEN.

CONTROL THAT HOLDS

UV/HEAT HAIR MOUSSE is a versatile styling product that combines styling control with long-lasting UV and heat defence up to 210°C. Formulated with specialised UV filters, it shields hair from dryness, bleaching, and discolouration caused by sun exposure while also protecting against HEV light.

The lightweight formula acts as a nourishing leave-in conditioner, enhancing elasticity and natural shine without weighing hair down. Enriched with vitamins B3, B5, B6, E & C, along with natural oils, it strengthens hair and helps prevent split ends.

Perfume-free. Vegan.

HYBRID CLEANSING TREATMENT

DAILY DEEP CLEANSER

RENEW CLEANSER is a daily AHA/BHA cleansing mousse that removes impurities, excess oil, makeup and buildup without stripping the skin.

Its balanced pH of 5 supports the natural barrier, while AHAs, salicylic acid and SEBUSTOP® help refine texture, clear pores and regulate excess sebum.

The lightweight mousse spreads evenly across the skin for controlled, comfortable non foaming cleansing.

With daily use, skin feels clean, smooth and balanced, never tight or stripped. No toner needed. No SLS.

POWERED BY EVYDERM TECHNOLOGY™

EXTREME REPAIR. LONG-LASTING.

BARRIER BOOSTER

REPAIR MOUSSE delivers long-lasting hydration and barrier support in a lightweight, fast-absorbing mousse.

With 7.5% urea, it provides 24-hour hydration while helping restore moisture, comfort and resilience to dry or stressed skin.

Suitable for dry, ageing and photo-aged skin, as well as eczema-prone, rosacea-prone, acne-prone and chronically dry skin. Use on face or body, alone or alongside active treatments such as retinol, peptides, and exfoliating acids.

DEEP HYDRATION, ANTI-AGEING, PRIMER.

DAILY CARE SIMPLIFIED

UV FACE SPF 30 combines serum, moisturiser, primer and high UVA sun protection in one lightweight daily step.

Boots 5-Star UVA protection helps defend against premature photoageing, while hyaluronic acid, vitamins C and E and hydrolysed collagen support hydration, elasticity and barrier resilience.

Lightweight, makeup-friendly and suitable for sensitive skin, including the eye area.

POWERED BY EVYDERM TECHNOLOGY™

FIVE STEPS. ONE MOUSSE.

ONE STEP FULL CARE

DEFENCE SPF 50 is designed for continuous urban and environmental exposure. It combines SPF 50 with Boots 5-Star UVA protection and PA++++, while helping defend against HEV/blue light, visible light and pollution.

Protection remains effective for up to 8 hours under dry conditions. Nymphaea Alba extract and vitamins C and E support hydration and antioxidant protection, helping reduce the visible effects of environmental stress and premature ageing.

+ SPF / HEV LIGHT
+ MOISTURE
+ PRIMER
+ PREVENTS DARK SPOTS

* For every pink bottle sold, €1.50 is donated to skin cancer research as part of the Pink Melanoma Awareness initiative.

RICH RENEWAL. LASTING COMFORT.

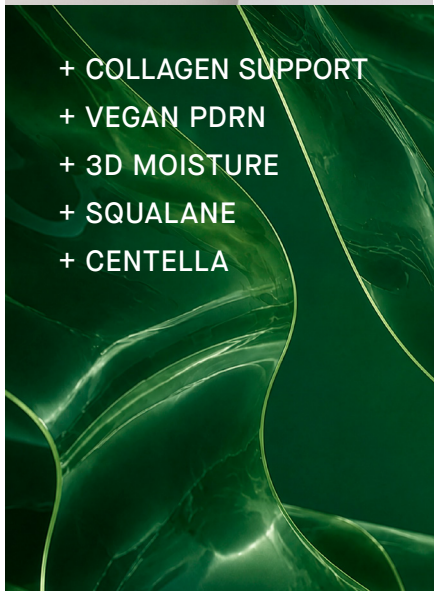

AGING, INTERUPTED

REWIND MOUSSE serum is daily care for skin beginning to lose hydration, elasticity and resilience.

Vegan PDRN and collagen-supporting peptides support renewal and firmness, while a 3D moisture complex with squalane and centella helps maintain hydration and reinforce the skin barrier.

Rich yet lightweight, the mousse absorbs evenly without heaaviness or residue. With continued use, skin appears smoother, firmer and more rested.

POWERED BY EVYDERM TECHNOLOGY™

BRIGHTER SKIN. SMARTER VITAMIN C.

LIGHT, REFINED

RADIANT MOUSSE serum combines a stable 15% Vitamin C complex with daily antioxidant and barrier support. Designed for effective daily use without unnecessary irritation, it helps improve skin clarity and even tone while supporting collagen.

A 3D moisturising complex and marine antioxidants help maintain hydration and skin comfort, while the airtight mousse system helps protect formula stability from first use to last.

EVY

TAN CARE

HEALTHY TAN CONTROLLED

The **TANNING RANGE** offers two approaches to a natural-looking tan: supporting the skin's own melanin response or building gradual self-tan colour with control. Melaboost supports natural melanin production before and during sun exposure, while Self Tan combines DHA and erythrulose for an even, buildable result without UV exposure. Both are developed with sensitive skin in mind, with a focus on comfort, hydration and seamless application.

POWERED BY EVYDERM TECHNOLOGY™

PREPARE. ENHANCE. PROLONG.

TAN INTELLIGENCE

MELABOOST MOUSSE supports the skin's natural melanin production with or without UV exposure. Powered by EPSILINE®, it helps enhance the skin's natural tanning response for a faster, more even and longer-lasting result, while preparing the skin ahead of sun exposure.

The formula also supports hydration, skin conditioning and the skin's natural response to sun-induced stress, making it particularly suitable for sensitive and sun-sensitive skin.

Use before, during and after periods of sun exposure to help prepare the skin, enhance natural tanning and prolong your tan.

EVY

ACTIVATE YOUR NATURAL TAN

HOW TO USE

Begin daily use at least one week before sun exposure.

1. Shake well and hold the bottle upside down before dispensing.
2. Apply evenly to clean, dry skin. Use approximately a handful of mousse for one arm and a ping pong-sized amount for face and neck.
3. Before sun exposure, follow with an EVY sunscreen. Continue daily use during and after sun exposure to chelp maintain hydration.

Continue daily use during and after sun exposure to chelp maintain hydration and prolong your tan.

* Does not contain SPF.

SENSITIVE-SAFE.
TRUSTED BY ALL.

HOW TO USE

1. Exfoliate 24 hours before application, focusing on dry areas such as elbows, knees and feet.
2. Apply to clean, dry skin. Shake well and hold the bottle upside down before dispensing.
3. Apply evenly in circular motions. Use an application glove or wash hands thoroughly after use.
4. Allow to dry before dressing. Avoid showering, swimming or heavy sweating for at least 4 hours, ideally 8.
5. For deeper colour, apply another layer after approximately 24 hours, up to three layers.

No guide colour. No rinse-off required.

Does not contain SPF.
Use daily sun protection.

EVY

EVEN. BUILDABLE. LONG-LASTING.

SMARTER SKINCARE TAN

SELF TAN MOUSSE develops an even, natural-looking tan, with visible colour appearing within hours and continuing to deepen gradually over time.

The formula combines DHA and erythrulose in a controlled tanning system designed to support more uniform colour development, greater consistency between applications and a long-lasting, streak-free result.

Its lightweight mousse distributes evenly across the skin, while the hydrating formula helps maintainskin comfort and creates a smoother surface for more consistent colour development.

The result is buildable colour that can be adjusted gradually to your preferred depth, without heaviness or patchiness.Fragrance-free and without the typical DHA odour.
