At the 2023 Met Gala in honor of the Costume Institute exhibition, “Karl Lagerfeld: A Line of Beauty,” Estée Lauder Global Brand Ambassador **Carolyn Murphy** channeled the fresh, timeless elegance of the iconic supermodels of the 90s in vintage Chanel and **NEW Estée Lauder Pure Color Lipstick** in Make You Blush.

“With Carolyn, we’re really going for this gorgeous glowy look using all Estée Lauder ReNutriv skincare products, starting with the Ultimate Diamond serum, and massaging it in using cold tools, then layering on the Ultimate Diamond Crème for really hydrated, gorgeous skin, said Romy Soleimani, Carolyn Murphy’s make-up artist. “With her make-up, we went with fresh timeless modern elegance . . . hyper real skin and a subtle smokey winged eye – a nod to the iconic supers of the late 80s and 90s. Think perfect petal lip and glowing ReNutriv skin.”
