

# PLANTSCRIPTION™

## MULTI-POWERED YOUTH SERUM

OCD: 15/02/2021

Discover youth from every angle with Origins Plantscription™ Multi-Powered Youth Serum. This potent, 90% naturally-derived\* anti-aging serum delivers 15 youth-boosting benefits, visibly transforming the face and neck with fewer visible lines and wrinkles, to achieve a more lifted look – with results in as little as 7 days.

*\*Calculation based on the International ISO standard 16128 Parts 1 and 2.*

The brand upgraded their best-selling, anti-aging must-have with some new ingredients to bring you the same Plantscription™ Serum that you love, with added benefits to skin. The serum's reformulation now offers a much more comprehensive approach to age correction with a powerful, wrinkle-fighting complex featuring 5 newly added peptides combined with 16 carefully selected plant actives derived from nature.

While the formula's line-leveling peptides help target 5 different types of wrinkles in skin, signature ingredient Anogeissus helps protect skin's natural fibrillin to help restore skin's youthful bounce and Glucosamine helps reduce the appearance of pores and refine skin texture for a more even-looking skin tone.

As this lightweight, fast-absorbing serum works to fight visible signs of aging, skin is also left feeling refreshed with its beautiful, 100% essential oil blend of Mandarin, Star Anise, Pink Rose, Lavender and Geranium.

- *Peptides: Commonly used in skincare to stimulate skin's product of collagen, are smaller segments of proteins, some of which are known for their line-leveling power.*
- *Anogeissus: Found in Africa, it is a powerful anti-ager that helps preserve skin's natural fibrillin –a structural component in skin that contributes to "youthful bounce".*
- *Glucosamine: Known for its ability to help skin to release rough, dulling surface cells that can trap dirt and oil, is naturally-derived from fermented corn.*
- *Commiphora: A resin extracted from a tree native to India, helps to visibly restore lost volume and facial definition.*

### Sensory Results:

- *In 1 use, 85% said this product left their skin looking plumper & more youthful\**
  - *Boosts radiance & moisture*
- \*Sensory test/Consumer study on 110 women.*

### Timeframe Clinical Results:
