FORUM SERIES

# The OECS Public Education Forum Series

Funded by the OECS 10th European Development Fund (EDF)

Economic Integration & Trade of the OECS Region Project

OECS

Dear Media Partner,

The second installment of Vini Kozé, the Organisation of Eastern Caribbean States' Regional Integration Forum Series will be held in Anguilla on January 27th, 2017 at La Vue Boutique Inn at 1p.m. This Public Education Forum Series (PEFS) seeks to incite regional discussion and awareness on a number of key topics such as Youth Empowerment, Climate Change and Economic Growth in the various OECS Member States.

In an effort to effectively reflect the reality of the forum topics, each event will feature a live panel of local, regional and international voices from across the social strata. Panelists will also address questions posed from the audience in a 'town hall' setting.

The OECS Commission wishes to apprise you of the Anguilla forum series' event which will be guided by the theme: "Youth Empowerment and Development : How are we tracking as a region?"

The goal of the OECS PEFS is to position the Organisation of Eastern Caribbean States as a listening entity; more attuned to the needs of its Member States and their citizens.

The OECS Communications Unit is driving the mandate for the PEFS and the series is being produced and executed by ElShaFord Productions on behalf of the OECS. The project is funded by the OECS 10th European Development Fund (EDF) Economic Integration and Trade of the OECS Region Project.

We thank you for your continued support.

Sincerely,

  
ElShaFord Productions  
Lead Producer, Vini Kozé

## WHAT IS VINI KOZÉ?

Vini Kozé or 'Come Chat' in creole, is the OECS Commission's Public Education Forum Series on OECS Regional Integration.

The series acts as a conduit for a collective citizens' voice to help shape local, regional and national policy as it relates to the various facets of Regional Integration. The Forum topics include Education, Economic Development, Youth and Gender, Regional Integration, Agriculture and Climate Change.

The Forum also provides an opportunity for key decision makers, grass roots observers and experts within respective fields to discuss and debate issues raised by the live audience on the achievements, development opportunities and challenges facing the region.

Vini Kozé will be televised across OECS member states, the wider Caribbean and in global diasporic hubs. The series is funded by the 10th European Development Fund and is produced and executed by Elshaford Productions on behalf of the OECS Commission.

# Press Release: OECS to engage Youth at Anguilla Forum

Following the successful staging of its first Public Forum on Education in the BVI earlier this month, the OECS will on Friday January 27, engage the Youth of the region on issues impacting their lives. The Youth Forum, to be held in Anguilla, will focus on measures and approaches to address youth unemployment, youth crime and violence, the juvenile justice system, as well as development opportunities for young persons, especially in the areas of education, sports and the arts.

The Panel for the Youth Forum will comprise an international expert, alongside representatives from government, the private sector, the NGO community, and civil society. There will also be key resource persons in the audience who will broaden the scope of the discussion, and answer questions relevant to their area of expertise and experience as it relates to youth-oriented initiatives and interventions in the region. The Anguilla Forum is expected to attract approximately 70 persons who have a vested interest in, are impacted by, or are passionate about issues affecting Youth.

OECS Director General Dr. Didacus Jules says the forum will seek to gauge where the region is, in terms of youth empowerment and development, with a view to devising approaches, strategies and policies that would better respond to the needs and aspirations of young persons. He said: "As a region, it is incumbent on us to equip our youth with the knowledge and skills to compete globally, and realize their full potential as citizens of the world. Our economic survival as small island developing states dictates that we equip future generations with the tools and resources that will enable us to navigate the tidal wave of global change." Therefore, this Forum resonates with the recently launched OECS Youth Empowerment Strategy (YES).

The Anguilla Forum is part of the public education component of the 10th EDF Economic Integration and Trade Programme of the OECS region, funded by the 10th European Development Fund. The Forum Series, dubbed Vini Kozé – Kweyol for 'let's chat' – is aimed at educating and informing the people of the OECS on the social, economic and political benefits of Regional Integration. It seeks to ensure citizen engagement and active participation in the Regional Integration process. The forum provides an opportunity for key decision makers, civil society observers and experts within respective fields, to discuss and debate issues raised by a live audience, on the achievements, development opportunities and challenges facing the region.

The OECS Public Education Forum Series (PEFS) will run until March 2017. It will be staged across six (6) OECS Member States including The BVI, Anguilla, Dominica, Grenada, St. Vincent and the Grenadines, and Martinique. Topics for upcoming fora include Climate Change, Regional Integration, Agriculture, and Economic Growth. The views, opinions and aspirations of the people will be canvassed in shaping the future of the OECS in relation to the key areas of development being discussed.

Vini Kozé Anguilla will be held at La Vue Boutique Inn at 1 p.m. It will subsequently be televised across OECS Member States, the wider Caribbean, and the Diaspora. Vini Kozé is being produced by ELShaFord Productions on behalf of the OECS Commission.

Organisation of  
Eastern Caribbean States

# ABOUT THE OECS

The Organisation of Eastern Caribbean States (OECS) is an International Organisation dedicated to economic harmonisation and integration, protection of human and legal rights, and the encouragement of good governance among independent and non-independent countries in the Eastern Caribbean.

The Organisation was founded on June 18, 1981, when seven Eastern Caribbean countries signed a treaty agreeing to cooperate with each other and promote unity and solidarity among the Members. The Treaty became known as the Treaty of Basseterre, so named in honour of the capital city of St. Kitts and Nevis where it was signed.

The 1981 Treaty was replaced in 2010 with a Revised Treaty of Basseterre, creating an economic union. This Revised Treaty was signed on June 18, 2010 in Saint Lucia during the 51st Meeting of the Authority of the OECS.

The Revised Treaty establishes a single financial and economic space within which goods, people and capital can move freely, monetary and fiscal policies are harmonised and countries continue to adopt a common approach to trade, health, education and the environment, and the development of such critical sectors such as agriculture, tourism and energy.

The Treaty paves the way for the introduction of legislative competence at the regional level, so that Member States of the Organisation act in concert to develop and enact legislation in certain areas specified in the Treaty. The OECS is now a ten member grouping. Antigua and Barbuda, Commonwealth of Dominica, Grenada, Montserrat, St Kitts and Nevis, Saint Lucia and St Vincent and the Grenadines are full Protocol Member States. The British Virgin Islands, Anguilla and Martinique are associate members of the OECS.

THE VINI KOZÉ  
EXECUTION TEAM

# RAMON PEACHEY

THE OECS COMMUNICATIONS UNIT

Ramon Peachey is the Head of Communications for the Organisation of Eastern Caribbean States and has over sixteen years' experience in the design, implementation and management of multi-faceted communication programs in the development arena.

Mr. Peachey has undertaken a re-design of the Communications Strategy and Programme at the OECS Commission to better communicate to the organisation's key publics. Some initiatives he has led to to date include the conceptualisation of Vini Kozé - the televised Q&A citizens forum, the new OECS website, an industry leading global media client relationship management (CRM) platform for the organisation, a new e-news platform, and an animation series on the Economic Union in conjunction with realigning internal communication roles and procedures.

# TAHIRA CARTER

THE OECS COMMUNICATIONS UNIT

Tahira N. Carter serves as Communications Officer at the OECS and plays a key role in the execution of the organization's new communication strategy. She is central to bridging the communication gap between the OECS Commission and its citizens and is pivotal to ensuring Vini Kozé serves as a citizen's platform for all voices.

A Grenadian national, Carter is an award winning bilingual communications professional with a wide range of media and multimedia skills. Her primary areas of expertise are journalism, public relations, marketing and online media.

Carter's professional portfolio includes work experience as a news reporter and news editor, public relations manager and marketing manager for two major hotel brands and TV host for the Government of Grenada's Information Service (GIS).
