

BOBBI BROWN

SKIN LONG-WEAR FLUID POWDER FOUNDATION SPF 20

Available as from April 2020

GOES ON EASY. BARE SKIN FEEL. LASTS ALL DAY.

Our first ever liquid foundation & powder in one, Skin Long-Wear Fluid Powder Foundation starts as a fluid and sets as a powder, for fresh, beautiful, color-true wear that lasts all day.

The hybrid formula applies seamlessly and flashes into a self-setting matte powder. The combination of flexible, buildable coverage and good-for-skin ingredients creates the look and feel of healthy, fresh skin. Color-true, activity-proof wear leaves skin looking soft matte, healthy, and fresh all-day.

SELF-SETTING FORMULA. This specially designed formula transforms from a weightless fluid into a self-setting powder for a natural soft matte finish.

GOOD-FOR-SKIN. Non-acnegenic formula helps control excess oil that can clog pores and lead to breakouts. It contains a Power Protein Complex that helps smooth skin's texture.

REAL-LIFE PROOF. Waterproof, sweat & humidity-resistant, Fluid Powder Foundation feels light as air, and stays color-true all day long.

ALL-DAY PROTECTION. SPF 20 PA++ and antioxidants help protect against skin-dulling UV rays, environmental stressors and blue light. Available in 28 undertone and skin tone correct shades.

Available as from April 2020 for 37€ at all Bobbi Brown Cosmetics Counters and on www.bobbibrowncosmetics.com
