A Powerful Combo

for Cognitive and Cardiovascular Health

DPA is a long-chain omega-3, like the more well-known EPA and DHA. Until recently, it wasn't heavily studied, but emerging research shows DPA's benefits for cognitive function, mental well-being, and cardiovascular health, as well as helping to maintain healthy triglyceride levels already within normal range.*

To ensure maximum freshness, Super DPA is closely managed from sea to store. We source the highest quality, deep, cold-water fish using traditional, sustainable methods. Super DPA is bottled with a touch of vitamin E and is given a nitrogen flush to remove oxygen and to prevent oxidation.

It comes in delicious, natural berry lemonade flavor and is tested by an FDA-registered laboratory for freshness, potency, and purity.

1 Teaspoonful (5 mL) Provides	
Total Omega-3 Fatty Acids	2,420 mg
EPA (Eicosapentaenoic Acid)	480 mg
DHA (Docosahexaenoic Acid)	1,760 mg
DPA (Docosapentaenoic Acid)	300 mg

Size	Code
200 mL	1920
