#### **A note on these tricky time zones :-)**

We have heard from some of you that the times given were a bit confusing depending on where in the world you live – and it gets harder this weekend too as some countries are starting summer time! That’s why we have now provided times with a 24-hour system in UTC (Coordinated Universal Time).

#### **More music**

Please also check out <http://www.sennheiser.com/anniversary> for the next livestream dates. There’s also a great selection of music videos to watch and listen to, ranging from immersive jazz club recordings, to living room electro sets, to live takes from recording studios. Just put on your headphones (or turn up the speakers) and immerse yourself in the music!

#### **It’s free but why not donate to fight the coronavirus?**

At Sennheiser, we’re delighted to be working with these fantastic artists to help spread positivity by putting on exclusive concerts. They’re totally free, but if you do want to say thank you, do consider supporting the WHO in its fight against the coronavirus:
