

Huippuunsa viritetty

Sennheiserin mukaansatempaavin soundbar-kokemus paranee entisestään massiivisen, ilmaisen päivityksen myötä.

Helsinki – 21. elokuuta 2025 – Sennheiser julkistaa merkittävän laiteohjelmistopäivityksen palkitulle AMBEO Soundbar | Max -laitteelleen. Uusi AMBEO | OS2 -käyttöjärjestelmä tuo soundbariin monia uusia ominaisuuksia, kuten entistäkin syvemmän äänimaailman, parannetun dialogin selkeyden ja laajemman tuen häviöttömälle musiikin toistolle. Tämä on tuotteen merkittävin päivitys sen alkuperäisen julkaisun jälkeen.

Lisää alla englanniksi.

With AMBEO | OS2, 'Max' owners will enjoy:

- **Customizable Immersion** – adjustable volume levels for side, top, and center channel speaker virtualization, tailoring the immersive 3D experience to personal preferences and to the needs of individual content
- **Lossless audio** – Extended high-resolution lossless audio performance: native Dolby Atmos Music (via Tidal) is now joined by support for up to 24-bit / 96 kHz audio through Google Cast for Audio, and up to 24-bit / 192 kHz via Tidal Connect
- **Voice Enhancement Mode** – ensures dialogue remains clear and intelligible, even when sound effects or music dominate the mix in films, shows, and sports

“With AMBEO | OS2, we’re boosting the impressive capabilities of our flagship soundbar even further with high-performance features for music lovers and movie buffs just like us,” said Guy Gampell, Senior Product Manager for AMBEO Soundbars “Whether they’re enjoying a blockbuster film or high-fidelity music, ‘Max’ customers new and old can fill their homes with jaw-dropping sound controlled by the smartphone already in their pocket.”

SENNHEISER

**Availability**

AMBEO | OS2 is a free update for all AMBEO Soundbar | Max owners and can be applied using the original Smart Control App (iOS, Android) or over a USB drive from sennheiser-hearing.com.

About the Sennheiser brand

We live and breathe audio. We are driven by the passion to create audio solutions that make a difference. Building the future of audio and bringing remarkable sound experiences to our customers – this is what the Sennheiser brand has represented for more than 75 years. While professional audio solutions such as microphones, meeting solutions, streaming technologies and monitoring systems are part of the business of Sennheiser electronic GmbH & Co. KG, the business with consumer devices such as headphones, soundbars and speech-enhanced hearables became part of the Sonova Holding AG group of companies in 2022, who have licensed the Sennheiser trademark for this purpose.
