# GIGGLE FANGS

**On the edge of the Giggle Forest, in the Batty Lair lives Giggle Fangs, Hoot and Hootabelle's batty new friend! From Monday, July 6 at 7.30am, Giggle Fangs flies in to join Jimmy Giggle and the owls for play dates and awesome fun.**

In the Land of Giggle and Hoot where everything is bright and colourful, noisy and friendly, Giggle Fangs is the opposite. He lives in the Batty Lair where it's dark and quiet – because his most favourite thing of all is bat-naps! He even has a super cool bat-nap bed which he sleeps upside-down in.

Giggle Fangs also has his very own super power! He has "Beepity! Beep! Beep! Beep!" Supersonic Bat Hearing. From the Batty Lair, he can hear the Giggle Pals singing and having fun and their noise can sometimes disturb his fangtasticly quiet lifestyle... unless he can stop them. Muahahahaha! Though most of the time he can't help but be drawn into their excitement.

Flying in on Monday, July 6, Giggle Fangs joins the Day Time Fun (daily from 7.30am), and the Steps To Bed (daily from 5.15pm) where we'll get to visit his Batty Lair which is nice and quiet – just the way little bats like it!
