COLLECTION 2019

ADDITIONS #2

AUTHENTICITY  
CRAFTSMANSHIP  
BALANCE  
SIMPLICITY  
FUNCTIONALITY

Welcome to the workspace by Ethnicraft.

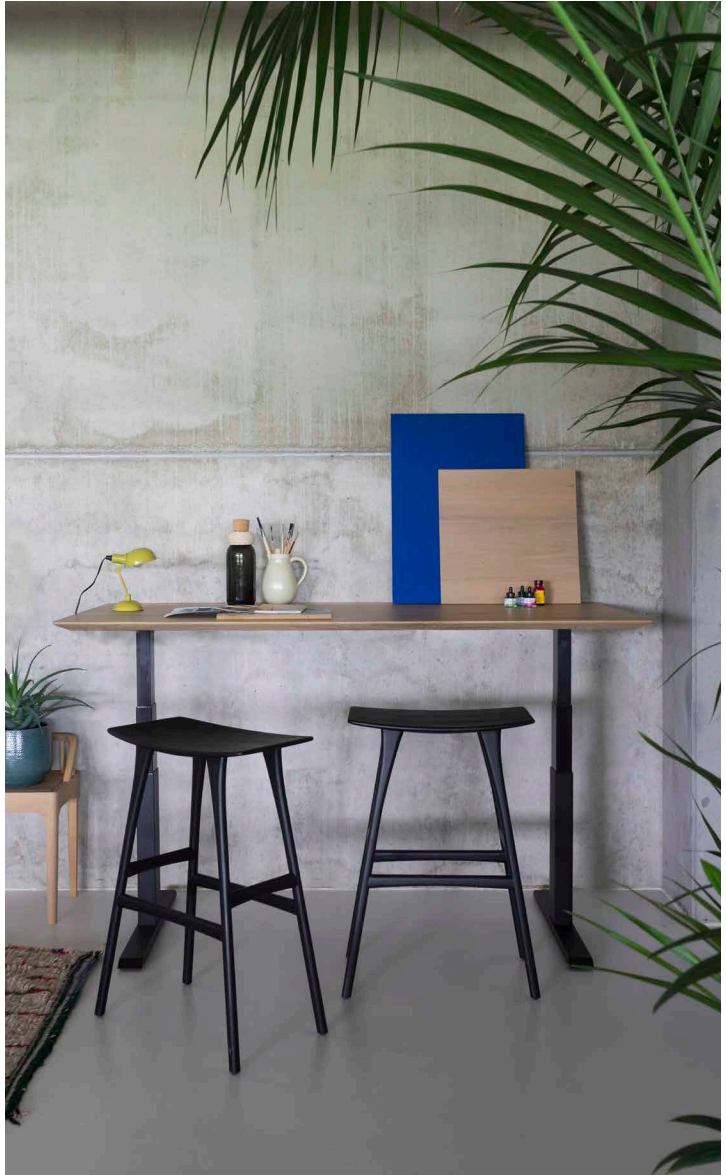

Since the launch of our contract department in 2012, we have had the opportunity to collaborate on numerous outstanding projects. From residential, retail and hospitality to healthcare and public spaces: Ethnicraft represents the perfect fit. More recently, we have taken a close interest in the transformation of workspaces.

In addition to our main collection, which includes a wide selection of furniture suitable for both home and office environments, several new designs have been created specifically to make life at work easier. Our products are functional, beautiful and durable: the perfect choice to curate a warm and lively interior. Because the idea of a cold and impersonal office belongs to the past.

**BOK DINING TABLE & BOK CHAIRS**  
by Alain van Havre

*Our designs are the perfect choice to curate a warm and lively interior.*

**BOK** ADJUSTABLE DESK & **OSO** BAR STOOL  
by Alain van Havre

# SCULPTURAL ELEGANCE

Airy with subtle complexities, the Torsion dining table incorporates advanced woodworking techniques to create a light tabletop with a stable base of sculptural elegance.

**TORSION** SQUARE DINING TABLE  
by Alain van Havre

## NEW SQUARE TABLETOP

The new square tabletop transforms the Torsion design into the functional yet charming dining table of your dreams. From a relaxed coffee corner to a chic restaurant: Torsion's simple elegance, whether in natural or black tainted oak, complements every interior.

**TORSION** SQUARE DINING TABLE  
by Alain van Havre

*Torsion's simple elegance complements every style.*

*Our new Rise coffee tables are ready to rise  
to every occasion.*

**RISE** COFFEE TABLE  
by Alain van Havre

The Rise coffee table is now available in two new sizes: a smaller rectangular addition and a square one.

# GEOMETRIC LAYERS

In his quest to add movement to the surface, our designer Alain van Havre started layering and combining triangular shapes. Before he knew it, he had created an interesting composition out of teak. We ended up brushing the surface to highlight the grain and further emphasize the feeling of motion. Originally used for our popular Graphic sideboard, the pattern now translates perfectly to a new chest of drawers for the bedroom.

**GRAPHIC** CHEST OF DRAWERS  
by Alain van Havre

## EXPANDING THE BOK RANGE

With the importance of health and good posture in mind, we developed the Bok adjustable desk. The motorized system in its legs allows the tabletop to be elevated to the height of your liking. That way, you can easily switch between sitting and standing throughout the workday which is good for your spine, blood flow and most importantly: your workflow.

**BOK** ADJUSTABLE DESK  
by Alain van Havre

*Highly beneficial for health and productivity.*

# THE PERFECT MATCH

## A TALLER SILHOUETTE

Osso has been one of our favorite and most popular designs from the start, because of its versatility. This new bar stool height adds yet another option to its wide array of possibilities and it happens to be a perfect match with our Bok adjustable desk. No backrest, no problem: the Osso bar stool has a comfortably curved seat which simultaneously encourages you to notice and fix your posture while working those long hours.

**OSSO** BAR STOOL  
by Jeffrey Budiman

*The simple staple every office needs.*

The handy Billy drawer unit, now  
also available in black tainted oak.

**BILLY** DRAWER UNIT  
by Alain van Havre

Our N701 sofa is known for its ultimate level of comfort, which made us think: why not add to the experience? And so the N701 side table was born. Its thin legs smoothly slide under the side of the sofa, providing you with more surface.

**N701** SIDE TABLE  
by Alain van Havre

# ASYMMETRICAL

We believe an office should be an open, inspiring and clutter-free space. That's why we specifically designed the Studio rack for work environments. The open rack asks for some personal decoration, to make your office an even lovelier place to spend time in.

**STUDIO RACK**  
by Alain van Havre

# RELIABLE RYTHM

## HAND CARVED AND GROOVY

Oscar sideboard's open spaces can be used to exhibit personal objects, whereas the sliding doors offer the option of organizing documents out of sight. At a second closer look, you will notice the exceptional grooves in the doors: each narrow groove was carefully hand carved, making every Oscar piece unique.

**OSCAR** SIDEBOARD  
by Alain van Havre

*The atypical division of the furniture's compartments immediately attracts attention.*

**OSCAR RACK**  
by Alain van Havre

Some like a minimalistic look, others need more storage and organization. Whether you like the first or the latter: the Oscar desk welcomes any style or preference.

**OSCAR** DESK  
by Alain van Havre

## EXTRA STORAGE

Thanks to the beautiful designs, hand carved details and handy wheels, the Oscar drawer unit can easily be a stand-alone piece. It also fits perfectly under the open Oscar desk for extra storage.

**OSCAR** DRAWER UNIT  
by Alain van Havre

*The power of simplicity poured in a remarkable design.*

# DESIGNED TO ENJOY

## EXPANDING THE N701 RANGE

N701 is a blissful design for everyone to love, which is why we are especially thrilled to present some exciting novelties in the N701 range. For starters, the new round corner element. Ideal to follow the bends of a rounded room or to build your own softly curved couch.

**N701** ROUND CORNER  
by Jacques Deneef

The N701, now also available in a sophisticated navy blue.

**N701** SOFA BLUE  
by Jacques Deneef

# SENSATIONAL LUXURY

N701 looks striking covered in luxurious leather. The old saddle color instantly creates a warm, homey atmosphere.

Sink into the cushions and let this sensational sofa transport you to unknown levels of comfort.

**N701** SOFA OLD SADDLE  
by Jacques Deneef

# SOLUTIONS FOR EVERYDAY PROBLEMS

## *Streamline your interior*

Inspired by a vision of a streamlined office and co-working space, we are proud to present two brand new concepts within Ethnicraft. Wireless charging and wire management are the ultimate improvements to simplify the flow of your office.

Are you looking to incorporate wireless charging and/or wire management in your project? We can apply both concepts to most of the Ethnicraft furniture collection, as well as produce larger quantities tailored to your needs. Contact us and let's see what we can create together.

*A well thought out space  
equals a serene mind.*

## *Wireless charging*

Ethnicraft wants to help you recharge your battery. Figuratively, but also quite literally, hence: our Rise side table is now available with a wireless charger. As it is incorporated in the tabletop, you practically can't see it. An elegantly engraved symbol indicates where exactly to put your device in order for it to charge. Simply place your phone on top of it, sit back and let the Rise side table do the work – while you take a break from yours.

### SPECS - CHARGER

- Incorporated fast charger,
- Compliant with Qi Standard 1.2
- Works with any Qi supporting devices
- Includes micro-USB to USB cable (1.5 m)
- Includes EU/UK/US adapter

**RISE** SIDE TABLE  
by Alain van Havre

## *Wire management*

A clean space liberates the mind – even more so when talking about a workspace. Putting things back where they belong, saves you a lot of time looking for them.

Our Mikado meeting table with wire management does just that, and then some. A big cable box underneath the centre of the table allows you to run cables through it and directly connect to electric sockets. When you're done, simply store the same cables – and other technicalities – in the same box and slide to close. No one will notice it's even there: it'll be our little secret.

The Bok cowork desk on the other hand is absolutely perfect for a coworking situation. Its wider design allows two people to sit opposite each other with plenty of room for both. Three sets of power outlets are integrated in the design. Once you're done charging, you can tap the outlets right back into the table – flush with the sleek surface.

**MIKADO** MEETING TABLE

by Alain van Havre

#### SPECS – POWER OUTLETS

3 sets of 2 electric sockets and 1 USB

TÜV certified

Compliant with EU directives

Two standard versions: CEE 7/3 & CEE 7/5

Other plug types available on request

**BOK** COWORK DESK

## ICONS YOU MIGHT COME ACROSS IN OUR PRODUCT CATALOGUE

### **OILED**

The items marked with this icon are finished with a natural oil.

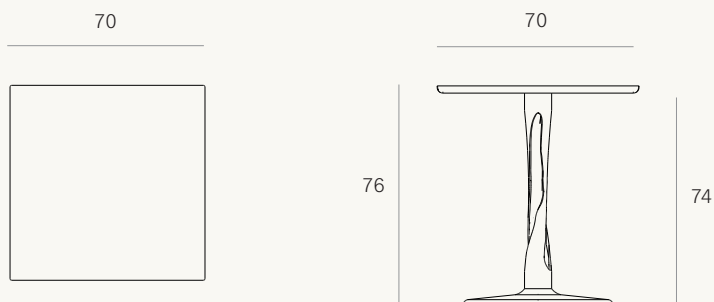

### **VARNISHED**

The items marked with this icon are finished with varnish.

### **BRUSHED**

The items marked with this icon are brushed. This finishing gives our furniture more depth. The rougher surface highlights the grain of the wood.
