

BOOTH 14110 | JANUARY 25 TO 28, 2018

Visit Sennheiser and Neumann at NAMM 2018

Discover exciting new products from Sennheiser and Neumann!

This year at NAMM, Sennheiser will be celebrating twenty years of evolution and also unveiling all-new wireless microphone systems, while Neumann will be re-issuing its classic U 67 tube microphone – the coveted microphone that defined the sound of the sixties.

We are delighted to welcome you to a short [press conference](#) at the Sennheiser and Neumann booth, located in the brand-new Anaheim Convention Center North (Level 1, Booth 14110) on [January 25 at 1 p.m.](#)

To schedule a press meeting with a Sennheiser representative, just stop by at the booth or get in touch with us prior to the show.

All press materials will also be available at www.sennheiser.com/namm2018 from 25 January. We are very much looking forward to seeing you in Anaheim.
