

## Orange presents Love Unlimited, the 1<sup>st</sup> fully unlimited mobile, internet & TV offer on the market

Following the launch of the 1<sup>st</sup> unlimited mobile offer in Belgium, Eagle, which consists of unlimited calls, SMS and mobile data, Orange Belgium is presenting today the unlimited version of its convergent offer Love. The Love Unlimited formula offers fully unlimited mobile data, SMS, calls, internet and TV. That way customers can stay connected anytime, anywhere, at home as well as on the go with complete peace of mind.

Cristina Zanchi, Chief Consumer Officer of Orange Belgium, explains: "As a bold challenger on the Belgian telecom market, we focus on what's essential for our customers. A first milestone was the unique launch of our Eagle unlimited tariff plan in February 2018, which has turned out to be a huge success. Many customers were positively surprised by our offer that answers the need for extra data due to the growing success of various social media, videos and streaming services. We simply listened to our customers' needs and responded. That's why we have now developed the very first fully unlimited mobile offer in Belgium supported by our leading 4G network. With Love Unlimited, we put the spotlight on the first fully unlimited convergent package (mobile, internet and TV) on the market. It is perfectly suited for customers who are looking for complete peace of mind, on the go as well as at home when watching TV or surfing the internet. And I'm sure we don't need to remind you we deliver this uninterrupted experience at the sharpest price in the market."

The Love Unlimited package is when a customer adds internet and TV to Orange Eagle or Eagle Premium. He then enjoys unlimited voice calls, SMS, mobile data and fixed internet + premium TV content.

Orange continues to enrich its Love package in functionalities and content. It regularly adds sports, thematic and kids channels to its main TV offer at no extra charge to the customer.

## A unique unlimited offer on a top-quality network

Since many years now Orange Belgium is investing non-stop in its mobile network to guarantee a very qualitative experience for its customers. Investments are made not only to prepare the future but also to offer speed and capacity to the growing demand for mobile data. Thanks to these investments, Orange is able to guarantee the needed network capacity for an unlimited qualitative experience.

Today, Orange 4G network covers 99.8% of the Belgian territory. The [coverage maps](#) of telecom regulator BIPT, the recent report of Open Signal ([State of the mobile networks: Belgium – March 2018](#)) and the recent [BeCover+ results](#) of consumer organization Test-Achats recognise the top quality of Orange's 4G network.
