ood girl gone Bad by KILIAN Hair Mist, an advanced formula that nourishes hair to help defend against dryness, is the final and finest gesture in a personal perfume ritual for becoming totally, entirely wrapped in a whirlwind of petals.

Good girl gone Bad by KILIAN is KILIAN PARIS's iconic fragrance, loved for its narcotic and airy floral blend of Orange Blossom, Tuberose and Osmanthus notes, always flirting on the edge of darkness and light, innocence and experience.

To be used after the perfume, Good girl gone Bad by KILIAN Hair Mist goes further. It completes the fragrance ritual for an enhanced and multidimensional olfactive trail, built layer upon layer. Carefully considered to offer the best of scent and science, it offers hydrating properties, and also contain UV filters to help protect hair from the drying sun effects.

The Good girl gone Bad by KILIAN Hair Mist bottle feels like mist with its powdery, frosted, and almost-there transparent body adorned with classic gold colored-tone hardware. Its sides feature a textured fresco depicting the Garden of Good and Evil, a motif in harmony with all Good girl gone Bad by KILIAN perfume expressions, including the Talisman travel spray for on-the-go fragrance.

A powerful and perfumed secret weapon of the finest order, Good girl gone Bad by KILIAN Hair Mist takes perfuming oneself into its ultimate dimensions—where no detail is forgotten and takes scent intoxication deep into the night.
