

PRESS RELEASE

REPA at Venditalia 2026: All Vending Spare Parts from One Supplier, Ready for Delivery

From Maintenance Kits to Payment Systems and More.

Cesena, April 30, 2026

REPA, leading distributor of vending spare parts, is exhibiting at the first Rimini edition of Venditalia to showcase spare parts, services, and solutions designed to simplify the operations of service centers, distributors, and manufacturers of vending machines.

Advanced logistics for faster maintenance

Nearly a year after ATEL joined REPA Italia, the company is presenting the results of a successful merge, which has improved service quality, spare parts availability, and delivery speed.

The consolidation of all vending spare parts in the advanced fulfillment center in Cesena enables faster distribution of all the spare parts to maintain and repair any vending machine. Moreover, the technical support team, highly specialized in vending, assists customers in identifying the right spare part, and the REPA Webshop and the REPA-LF App, now available in an enhanced version, make it easy to find spare parts even during on-site interventions.

From maintenance kits to payment systems

At Venditalia, REPA is highlighting a broad and comprehensive catalog that includes spare parts for vending machines, superautomatic machines, and OCS systems, as well as a range of cleaning products specifically designed for the vending sector. Significant focus is also placed on customized maintenance kits for key components such as coffee groups and boilers, designed to reduce intervention times and machine downtime.

At the exhibition, solutions from leading brands for payment systems, including Coges, CPI, Nayax, Paytec, and Roesler, will also be presented, along with water filtration systems from Brita, BWT, Bilt, and Balugani.

End-to-End Solutions for OEM Partners

REPA's presence in Rimini will also be an opportunity to explore solutions for OEM partners, to whom the leading distributor offers advanced services for managing and delivering original spare parts. While prestigious brands such as Brita, BWT, CPI, Crane, de Jong DUKE, FAS, Sielaff, Pentair, Rheavendors, and Solventum already rely on REPA, new partnerships will be announced soon.

REPA will be exhibiting in Hall B1, Stand 142.

REPA

REPA is Europe's leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, and a trusted partner to OEMs, delivering the right part at the right time.

With the world's largest inventory of in-stock original and universal spare parts, consumables and accessories, and a state-of-the-art network of automated fulfillment centers across Europe and beyond, REPA ensures the fastest delivery times in the industry.

AI-powered tools, 360° images, detailed exploded views, technical manuals and other search features available on its eCommerce platform and mobile app make part identification and ordering seamless. A team of industry experts speaking more than 20 languages helps customers find the perfect solution for every repair.

With REPA, keeping foodservice equipment running at its best every day has never been easier.

REPA is the European division of Parts Town Unlimited.
