BENTLEY

Press Information

THE BENTLEY OF SUVs

- The Bentayga is Bentley's fourth model line, establishing a new category of car – the luxury SUV. In the same way that the Continental redefined the idea of a luxury Grand Tourer in 2002, the Bentayga will be the benchmark against which other SUVs are measured.
- The Bentayga establishes a new ultra-luxury segment, and is the fastest, most powerful, most luxurious and most exclusive SUV in the world.
- A suite of state-of-the-art driver assistance systems and infotainment features designed to enhance safety, comfort and convenience make the Bentayga an innovative, advanced and connected luxury SUV.
- Powerful, individual and exquisite in equal measure, the Bentayga is for those who demand luxury without restriction. It provides a true Bentley experience, even in the most challenging environments and takes luxury to new places, unrestrained by climate, terrain or conditions.
- Step inside the new Bentayga and you find the finest automotive interior in the world, with handcrafted wood and leather throughout – engineered with precise tolerances to deliver absolute perfection.
- The attention to detail is the epitome of modern British luxury, and is only achievable thanks to the exceptional skill of the workforce in Crewe, integrating traditional craftsmanship with modern production techniques and materials
- An all-new W12 engine combines efficiency and refinement with the luxury of unrivalled power and torque, resulting in the world's most powerful and fastest SUV.
- A new and highly advanced Bentley chassis provides ride quality and refinement impervious to driving conditions.
