The *NEW* Resurfacing Treatment's Multi-Infusion Technology delivers three waves of skin transformation, all supported by the Miracle Broth™'s nourishing formula to deeply replenish.

MIRACLE BROTH™

At the heart of every La Mer treatment, this cell-renewing ferment energizes, helps calm and center skin to help restore essential hydration and maintain balance.

THE MARINE ENZYME FERMENT

This invigorating sea-sourced ferment stabilizes and supports skin, continuously encouraging natural exfoliation and optimal pH levels, for a fresh glow.
