

LIBRATONE  
TRACK+ WIRELESS IN-EAR

Meet the Libratone TRACK+ Wireless In-Ear, with CityMix II™, adjustable noise cancellation. Control how much of the world you let in or out, for outstanding music quality, clearer conversations, or absolute peace and quiet – all at the touch of a button. The TRACK+ Wireless In-Ear comes in an ultra soft and ergonomic design securing a casual and comfortable fit all day long. With sweat-proof craft and best-in-class eartips they're perfect for working out. Libratone TRACK+ Wireless In-Ear comes in 2 colours and gives you up to 8 hours of music playback in one charge.

**ULTRA COMPACT WIRELESS IN-EAR ANC DESIGN**

As one of the lightest and most compact Wireless In-Ear ANC earphones on the market, TRACK+ lets you always keep noise control at hand.

**ADAPTIVE CITYMIX II™**

Building on our industry-leading CityMix™ with 4 step adjustable noise cancelling, CityMix II™ now offers to automatically adapt to your surroundings.

**SOFT AND BENDABLE CABLE-NECKBAND**

Skin friendly, soft and beautiful rubber design ensures a comfortable wear all day long. Tangle-free storage and reduced cable friction noise during active use.

**8 HOURS BATTERY TIME**

Impressive 8 hours playtime with CityMix II™ and uncompromised sound quality. Full charge in 1 hour.

**DUAL MIC NOISE CANCELLATION**

For optimal suppression of background noise during phone calls.

**SWEAT PROOF - READY FOR ACTIVE**

Sweat and Splash proof design (IPX4), 5 different eartips ensure a stable and comfortable wear anytime and anywhere.

**MOTION DETECT**

Automatically goes to sleep when not worn for longer battery operation. Instantly wakes up when motion is detected.
