

DIY Project Idea: *Ladybug Container*

Full Sun Project

Project time: 45 minutes

Create this container garden decoration for a ladybug themed party. The rich reds and purples of the Geranium, Pentas, Coleus, and Potato vine will compliment the colors of the ladybug theme. And, the Cosmos and Lobelia are favorite plants of ladybugs. They will attract and help keep ladybugs in your garden.

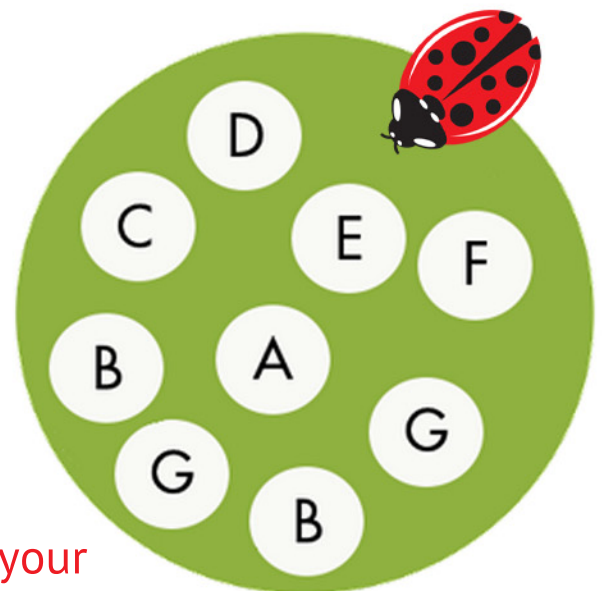

Recipe:

- A – Red Geranium
- B – Purple potato vine
- C - Coleus
- D – Red Pentas
- E – White Cosmos
- F – Purple fountain grass
- G – White Lobelia
