KBC acquires Volksbank Leasing Slovakia

ČSOB Leasing increases share of the Slovak market and its client base

Yesterday, ČSOB Leasing and Volksbank Leasing International reached agreement for ČSOB Leasing to acquire all the shares of Volksbank Leasing Slovakia and its insurance brokerage subsidiary, Volksbank Sprostredkovateľska. Volksbank Leasing Slovakia is a universal leasing company ranked 7th on the Slovak leasing market with a market share of approximately 6% and a balance sheet total of approximately 170 million euro. KBC is the clear leader on the Slovak leasing market through ČSOB Leasing. The deal, which is expected to close in 3Q15, will have no material impact on the KBC group's earnings and capital.

The acquisition of Volksbank Leasing Slovakia will allow ČSOB Leasing to strengthen its client base and further improve its leading market position. The clients of Volksbank Leasing Slovakia will not be affected, as their existing contracts will be continued through their customary contact points. In the coming years, ČSOB Leasing will set up an integration track with the aim of maximising synergies between both entities and increasing cross-selling opportunities with ČSOB's banking and insurance network.

Johan Thijs, KBC Group CEO, welcomed today's announcements stating: 'This first acquisition since the European Commission lifted KBC's acquisition ban, marks our renewed ambition to grow both externally and organically in our core markets. This deal forms an excellent business opportunity in terms of strengthening our Slovak franchise. At the same time, it is fully in line with our strategy to focus on our strong fundamentals of a healthy client-driven bank-insurance business model, a strong risk profile, a robust liquidity position supported by a very solid and loyal client deposit base in our core markets of Belgium and Central Europe, and a comfortable solvency position that enables us to continue to increase lending to our clients and actively support the communities and economies in which we operate.'

*'In Slovakia, leasing is a very attractive means for financing tangible assets for both firms and individuals. ČSOB has been operating in this industry through its subsidiary ČSOB Leasing for over 18 years, during which time it has served more than 105 000 clients. This acquisition will further increase that client base, not only for ČSOB Leasing but also for ČSOB as a whole, and strengthen its bank-insurance model,' said **Daniel Kollar**, CEO of ČSOB Financial Group..*

*'VB Leasing SK is a relevant player in the leasing market with a market share of approximately 6%. This deal will thus strengthen our leading position and enhance our strategy to be the best leasing company for corporate clients through the use of innovative technologies and a unique distribution model. We aim to provide the clients of VB Leasing with high-quality services based on the many years' experience and high professional standards of our employees,' said **Richard Daubner**, Chief Executive of ČSOB Leasing.*
