

REFLECT AWARE

The World's First Sport Earphone with Noise Cancellation and Adaptive Noise Control

Stay aware while staying active.

Get the most out of your exercises by filtering what gets in. The new JBL Reflect Aware™ sport earphones delivers both best in class noise cancellation and the ability to mix in sound from your environment for greater awareness of your surroundings when you want it, making it the most versatile sport headphone on the market. Designed for sport with a unique reflective design, the JBL Reflect Aware™ earphones, feature legendary JBL sound and an ergonomic fit design that keeps the earpieces in place regardless of the intensity of your workout routine. Sweatproof and available in blue, black, red, teal, the JBL Reflect Aware™ earphones require no battery because they draw power and digital audio directly from the lightning connector on Apple devices.

Features

- ▶ Noise Cancellation
- ▶ Adaptive Noise Control
- ▶ Lightning Connector
- ▶ JBL Signature Sound
- ▶ Sweat proof
- ▶ Ergonomic Ear-Tips
- ▶ Reflective cables

REFLECT AWARE

The World's First Sport Earphone with Noise Cancellation and Adaptive Noise Control

Features and Benefits

Noise Cancellation

Shut out the outside world for a focused, distraction free workout or if you prefer, let a little in. The JBL Reflect Aware™ headphones work without a bulky battery box for added ease of use.

Adaptive Noise Control

Adjust the level of the environment noise to be aware of your surroundings no matter working out indoor or outdoor.

Lightning Connector

Eliminates the need for a bulky battery by delivering power and digital sound directly from an Apple device.

JBL Signature Sound

For over 60 years, JBL has engineered the precise, naturally articulated sound found in high-end cinemas, arenas and recording studios around the world.

Sweat proof

No need to dial back your exercise for fear of ruining these headphones, the JBL Reflect Aware™ earphones are sweat proof, water resistant, and easy to clean.

Ergonomic Ear-Tips

Ear-tips designed to provide noise cancellation and ensure a secure fit.

Reflective cables

Eye catching and tangle free, these unique designed cables help you stand out while you work out.
