FOR IMMEDIATE RELEASE

Mall of Georgia announces completion of transformative renovation project

*Southeast's largest shopping center unveils dramatic enhancements
to The Dining Pavilion and The Village*

BUFORD, Ga. (June 7, 2018) – Simon, a global leader in premier shopping, dining, entertainment and mixed-use destinations, announced today the completion of **Mall of Georgia's** renovation projects in **The Dining Pavilion** and **The Village**.

Mall of Georgia shoppers will now discover a new atmosphere and more modern design when visiting the center's Dining Pavilion and The Village areas. In The Dining Pavilion, guests will find a reimagined dining concept with a fresh color palette, a new bar-height seating area, soft seating banquettes, communal-style tables, new tile flooring, modern lighting fixtures and energy-efficient LED lighting throughout. The adjacent family and men's restrooms also underwent a complete renovation, including updated paint, modern accent fixtures and upgraded lighting – along with a new hand washing station in the men's restroom corridor.

In addition to eatery options within The Dining Pavilion, foodies can also enjoy a curated dining experience at any of The Village's six full-service restaurants, including The Cheesecake Factory, Marlow's Tavern, P.F. Changs and Tin Lizzy's Cantina. In order to build upon the center's role as a community hub and create an opportunity for neighbors to connect, guests aged 21 and over are invited to enjoy a hand-crafted cocktail, beer or wine from select restaurants while relaxing and strolling outdoors in The Village.

Just in time for the annual *Movies Under the Stars* summer series and to provide guests with upgraded amenities and family-friendly options, The Village has all new features to offer – taking the outdoor experience to the next level! Guests can relax by the new fireplace or lounge in oversized Adirondack chairs and new comfortable seating, while kids of all ages can explore the newly designed children's play area named "The Park."

"We continue to invest in renovation work and upgraded amenities at Mall of Georgia in order to provide our guests with an unrivaled experience," said John DiCioccio, general manager for the center. "As we gear up for an eventful summer, we welcome our neighbors and visitors to shop at our wide selection of coveted brands, grab a quick bite in The Dining Pavilion or enjoy one of

The Village's full-service restaurants before stepping outside to experience the energizing, enhanced atmosphere at Mall of Georgia!"

Other renovations within The Village include state-of-the-art synthetic turf in the amphitheater, accent lighting, a new sound system and LED lighting in the interactive fountain.
