METAL-ON LUXE-UP.

LOOK 1 **JEWEL-BOX EYES**

Dip into our paint box of precious jewel tones, indulge your eyes with a wealth of rich, multi-dimensional tones. And impact to the max.

LOOK 2 **MELT-THEIR-HEARTS METAL**

Punkish meets princess, and hearts melt. It's the softer side of heavy metal, and deep romantic drama.

LOOK 3 **THE METALLI-CAT EYE**

Give the classic cat eye a jolt of heavy metal chic. The trick is to draw the triangle line up and out, further than usual. Then color it in. It's fun, it's easy, it's totally punkish rocking.
