LS-700

Premium Turntable & 200-watt Speaker System with Ortofon 2M Red

- Power
- Performance
- Precision

The LS-700 is built for those who truly love their records. This high-performance turntable and speaker set combines powerful sound with premium components — starting with the excellent Ortofon 2M Red cartridge for rich, detailed playback. It comes with a built-in stereo amplifier, two wooden speakers, and a massive 2 x 100W RMS output, giving you full, room-filling sound right out of the box.

Bluetooth Connection

Whether you're spinning a vintage LP or streaming from your phone over Bluetooth 5.2, it handles it all with ease.

High Power System

With 2 x 100-watt speakers delivering a total of 200-watt RMS, the LS-700 offers powerful, full-bodied sound that fills the room with warmth, depth, and detail.
