

ŠKODA AUTO IN THE FIRST HALF OF 2018

ANOTHER RECORD-BREAKING FIRST HALF FOR ŠKODA AUTO

In the first half of 2018, ŠKODA AUTO sold more cars than ever before: Between January and June, the brand delivered 652,700 vehicles to customers - 11.6% more than in the same period last year. This was the best half-year sales result in the company's 123-year history.

GLOBAL DELIVERIES

TOP HIGHLIGHTS

ŠKODA AUTO IS RESPONSIBLE FOR VW ACTIVITIES IN INDIA

ŠKODA AUTO and Volkswagen will develop new models in the A0 segment for the Indian market. The first model will be a new SUV in 2020. Technical development of new products will predominantly take place in India to ensure closest proximity to the market.

ŠKODA AUTO COOPERATES WITH ISRAELI START-UPS

ŠKODA AUTO DigiLab Israel Ltd is ŠKODA AUTO's scout looking for start-ups in Tel Aviv to collaborate on future shared business ideas.
