

## PRESS RELEASE

# REPA Presents "Fix & Go", a Selection of Essential Parts to Speed up Repairs

The right stock for repairing any piece of equipment in a professional kitchen.

Cesena, December 9, 2025

REPA presents "Fix & Go: Essential Van Stock Parts for Professional Kitchens," a curated selection of over 2,700 must-have spare parts that service technicians should keep on hand in their van to quickly repair equipment such as ovens, refrigerators, blast chillers, and more.

This comprehensive selection is available digitally via the REPA app and webshop, through an interactive catalogue, and even in printed format. These essentials cover the majority of everyday repair needs, enabling technicians to resolve more issues in a single visit.

To make it fast and easy to find the right part, the "Fix & Go" selection is organized by application—including regulation, electricity, fans & motors, refrigeration, water, gas, mechanics and consumables.

Thanks to REPA's extensive in-stock availability and advanced logistics, all parts are ready to be shipped right away.

*"Having the right stock in their van is crucial for technicians who want to meet customer expectations and help restaurant owners maintain uninterrupted service,"* says Valeria Ricci, Director EPA (Essential Parts & Accessories) at REPA, who adds: *"That's why we carefully selected these essential spare parts from our wide portfolio, based on the real needs of foodservice operators."*

Fix & Go underscores REPA's continued dedication to simplifying customers' daily work, ensuring they can quickly find, and get, the right part to repair any piece of equipment.

## REPA

REPA is Europe's leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, and a trusted partner to OEMs, delivering the right part at the right time. With the world's largest inventory of in-stock original and universal spare parts, consumables and accessories, and a state-of-the-art network of automated fulfillment centers across Europe and beyond, REPA ensures the fastest delivery times in the industry. AI-powered tools, 360° images, detailed exploded views, technical manuals and other search features available on its eCommerce platform and mobile app make part identification and ordering seamless. A team of industry experts speaking more than 20 languages helps customers find the perfect solution for every repair. With REPA, keeping foodservice equipment running at its best every day has never been easier. REPA is the European division of Parts Town Unlimited.
