

TRUMP★RUSSIA: FOUR CORNERS

Begins Monday June 4, 2018

A Four Corners special investigative series.

It's the story of the century: The US President and his connections to Russia.

In a **Four Corners** special series, award winning investigative reporter Sarah Ferguson follows the spies and the money trail from Washington, to London, to Moscow.

In this three-part series, **Four Corners** delivers a riveting account of the allegations and evidence from the characters central to the drama that has gripped the world.

On Monday night, the story begins:

Follow the Money: **Four Corners** follows the money trail from New York to Moscow, tracking the ties between Trump, his business empire and Russia.

Secrets, spies and useful idiots: in part two, **Four Corners** speaks to key protagonists at the centre of the unfolding drama over members of the Trump team accused of being compromised by Russia.

Moscow Rules: in part three, **Four Corners** investigates the central allegations that members of the Trump team, including possibly the President himself, actively colluded with Russia to subvert American democracy.

Months in the making, filmed across the United States, the United Kingdom and Russia, Sarah Ferguson charts the extraordinary allegations, interrogating the evidence and interviewing central characters in this unfolding story that could be lifted from the pages of a blockbuster spy novel.
