revitalized**, rested and
radiant skin.

JUST 7 NIGHTS*
more resilient skin to stress and
environmental aggressors.

Small but strong, the Immortelle plant has powerful antioxidant properties. These properties help it to survive in the wild & protect itself without outside intervention. This, the very essence of her resilience, is expertly extracted in its purest form – to support the skin’s natural ability to reset & recover from daily stressors.

Immortelle Overnight Reset Oil-in-Serum now suitable for sensitive skin.

Are you ready to awake to more resilient skin?

IMMORTELLE RESET

OVERNIGHT RESET
OIL-IN-SERUM

A strong SKIN BARRIER *to* RESIST OXIDATIVE STRESS

**Pollution, blue light over-exposure,
UV radiation, daily stress & tiredness.**

All of these factors can result in oxidative stress & the formation of free radicals in the skin - weakening the skin barrier over time.

This can cause fine lines to appear & make skin duller & more uneven.

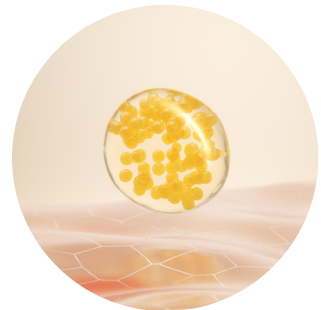

As we age, our skin's natural ability to heal from free radicals slows down & weakens. But, here's some good news; guess what helps to combat oxidative stress by dealing with free radicals?

Of course; antioxidants
