PARIS

PERFUME FLACONS, CARAFES, CLUTCHES AND TRAVEL SPRAYS

NOW AVAILABLE WITH ALL SCENTS

Kilian

Founder Kilian Hennessy created KILIAN PARIS as an unconventional approach to perfume. His fragrances were to convey rich heritage and storytelling, and so were the heirloom-quality objects that protect and embellish them: the refillable perfume flacon and its accompanying lock-and-key coffret, clutch or travel spray.

Each KILIAN PARIS fragrance came with its own partner-in-crime accessory to uplift the tactile and visual experience of the perfume, and to express Kilian Hennessy's fundamental belief that our signature scent is our protective armor against the outside world.

Ever since, KILIAN PARIS coffrets, clutches and travel sprays have evolved into covetable, collectible objects in their own right.

Now, KILIAN PARIS opens the playing field by offering its coffrets, clutches and travel sprays independently from specific perfumes—so clients choose and enjoy the way they want to style, store and protect their signature scent.

The selection comprises three styles of travel sprays and a total of five coffret and clutch designs: The Phantom, The Muse, The Dandy, The Dusk and The Dawn.

There aesthetic codes embody a black and white color palate accords and contrasts to perfection. Art Deco sensibilities are expressed in clean lines, while sleek lacquer and metal hardware reveal the iconic Achilles shield motif or typography around an emblematic K.

As an ultimate luxury, a barware-inspired carafe is also available, customizable in KILIAN PARIS flagship stores, as a way to store an impressive reserve of one's signature perfume between refills of the flacon or travel spray.

Kilian Hennessy believes true luxury should last forever. Thus, the founding concept of a refillable flacon rebels against contemporary notions of perfume as disposable luxury. Through these creations, perfume lives long and well with us into our lives and adventures—sometimes even staying for generations.

For every scent, a killer accessory to match—and now, styled precisely as you prefer.
