

**SENNHEISER TO HOST FREE ONLINE SEMINAR
ON THE TECHNICAL ASPECTS OF THEIR DIGITAL WIRELESS SOLUTIONS**

Technical consultants and design engineers will have their pick of two sessions on August 17th to learn how the company's digital wireless microphones fit into a complete AV solution

Old Lyme, CT, August 12, 2022 — Sennheiser, the first choice for advanced audio technology that makes collaboration and learning easier, will be hosting a free online seminar focused on educating AV system designers on the technical aspects of implementing their digital wireless solutions. The seminar, titled "Specifying Sennheiser Digital Wireless Solutions", is open all pre-registrants and will take place during two sessions on August 17th at the following times:

- Morning Session: @ 9:00am (EST) / 6:00am (PST)
- Afternoon Session: @ 5:00pm (EST) / 2:00pm (PST)

The latest online seminar from Sennheiser will feature an in-depth discussion of the SpeechLine Digital Wireless, EW-D, and EW-DX series of wireless microphones. Hosted by Kyle Walker, National Key Accounts Manager, and Mike Mitchell, Technical Applications Engineer, the seminar will explore all the key features of Sennheiser digital wireless systems and how to aid design engineers with selecting the right solution.

For more information or to register, please visit the online seminar registration portal.

About the Sennheiser brand

We live and breathe audio. We are driven by the passion to create audio solutions that make a difference. Building the future of audio and bringing remarkable sound experiences to our customers – this is what the Sennheiser brand has represented for more than 75 years. While professional audio solutions such as microphones, meeting solutions, streaming technologies and monitoring systems are part of the business of Sennheiser electronic GmbH & Co. KG, the business with consumer devices such as headphones, soundbars and speech-enhanced hearables is operated by Sonova Holding AG under the license of Sennheiser.
