**EXPLORE THE POSSIBILITIES**

Welcome to the latest edition of the Trends & Influences look book presented by Ferguson Bath, Kitchen & Lighting Gallery. Through exclusive product research and discussions with leading designers, manufacturers and industry insiders, we have compiled an extensive guide to what's trending for the kitchen and bath. Explore the newest innovations in plumbing, lighting, appliances and fixtures for your next project – or new home. When you're ready to get started, our knowledgeable product experts can help you bring your vision to life. Visit [FergusonShowrooms.com](http://FergusonShowrooms.com) to learn more and to find your nearest showroom.

# METALLICS

From soft rose gold to strong black stainless steel, products are now available across the entire metallic spectrum. The warm tones and cool hues pair well with various design aesthetics and provide a myriad of options outside of your traditional finishes. Utilize metallics to provide a sophisticated and modern pop of color.

- 12 MAXIM Bali pendant

## TEXTURE

Creative use of texture awakens the senses in products that feel as intriguing as they look. Fixtures that beautifully blend multiple surface textures add interest to the eye and to the touch.

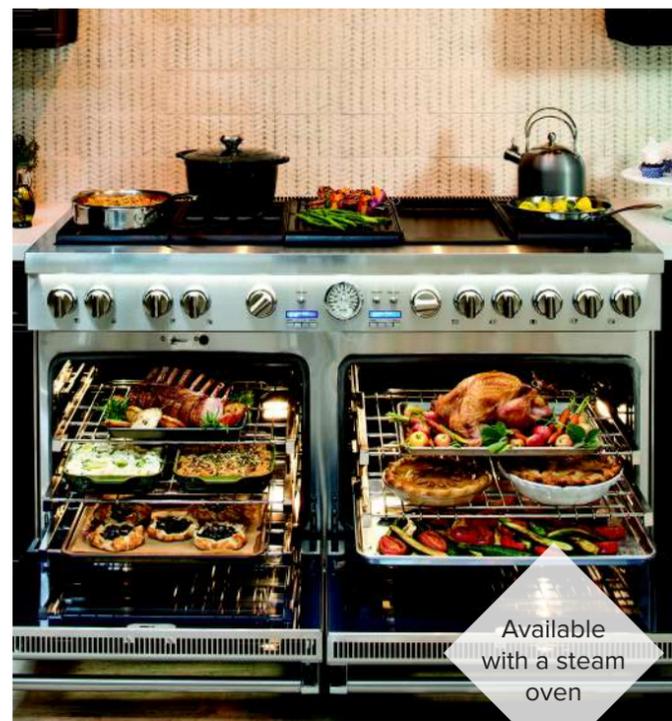

# APPROACHABLE PRO

Whether you're a budding chef or culinary maestro, now more than ever before you can enjoy the benefits of commercial grade kitchen fixtures and appliances – without them necessarily having to look that way. Approachable pro style products are elegant and understated to integrate seamlessly with a variety of design choices, while maintaining high-powered performance and hard-working functionality.

as a pendant

# NEW ANGLE OF CRYSTAL

Today's crystal expressions feature unexpectedly bold shapes like large rock, long rods and organically-shaped droplets. The effect is instant glamour with lasting interest, thanks to various shapes, cuts and sizes that manipulate light to cast a wide array of dazzling prismatic colors.

# STRIKING FORMS

Modern shapes and forms are daring, yet their clean, curved lines and soft edges make them easy to incorporate into any design style. These products can effortlessly be the striking focal point of any room.

# MID-CENTURY MODERN LIGHTING

Mid-Century Modern re-emerges as a dominant lighting trend, incorporating updates for the 21st century. Maintaining the futuristic simplicity of 1950s and 1960s design, fixtures are enhanced with energy efficient LED lamping, modern geometric forms and a mixture of materials.

## OF THE EARTH

Celebrating nature with designs that showcase organic forms and materials, the Of The Earth trend is inspired by the great outdoors. Featuring natural elements like shells, botanicals, semiprecious stones and reclaimed woods, these fixtures use earthly materials to bring a tactile touch of the outdoors in.
