

WAVES OF GRACE

Word and music : Charmian Devi

**In the waves of grace
Not knowing
Why you came
You've been drifting for days
Trying to face the game
You know the only way out
Is to move on well
Lose track of the loss and the waste
I heard the beauty say
I heard the beauty say**

**"I am much too soft to care
Gonna carry you off
Carry you off
To where no hurt can touch
Carry you off to where the broken turn
Carry you off to where the broken turn"
Carry you off....**

**In the waves of grace
Waves of grace
In the waves of grace
Waves of grace
Grace
Grace**
