

# READY FOR FAMILY ADVENTURES

**DISCOVERY**  
**SPORT**

With a dramatically new interior featuring a single Pivi Pro curved glass touchscreen, more stowage than ever before, an enhanced exterior and up to seven seats, Discovery Sport is ready for every family adventure.

## **FLEXIBLE AND CONNECTED**

A new interior provides more console stowage than any vehicle in its class, with wireless charging, fast USB-C charging in each row, wireless connectivity and the flexibility of up to seven seats.

## **PURE AIR**

New Cabin Air Purification Plus offers the most sophisticated combination of cabin air technologies, with PM2.5 filtration, CO<sub>2</sub> management and Purify - using advanced nanoe™ X ionisation technology.

## **MODERN 11.4-INCH SCREEN**

The largest touchscreen ever offered on Discovery Sport controls all key vehicle functions, powered by Pivi Pro. Regular software-over-the-air drops deliver the latest maps, apps and software with no need to visit a retailer.

## **SEE FROM EVERY ANGLE**

The combination of 3D Surround Camera, ClearSight™ GroundView and the smart ClearSight™ RearView mirror provide confidence-boosting all-round vision on every terrain.

## **ELECTRIFIED**

Plug-in electric hybrid with next-generation battery chemistry for an expected real-world range of up to 47km (29 miles). Standard rapid DC charging allows a charge of 0-80% in as little as 30 minutes using a 50kW charger.

## **COMPOSED**

Superior all-terrain capability and composed on-road driving dynamics are delivered through sophisticated suspension and chassis technologies, including All-Wheel Drive, Terrain Response 2 and All-Terrain Progress Control.
