HOW DO PATENT MONOPOLIES AFFECT ACCESS TO COVID-19 HEALTH PRODUCTS

Date 19 June 2020 Time 10:00 – 11:30

The current patent system in SA threatens access to health products; this will remain to be the case for COVID-19 health products if nothing changes. This pandemic presents a unique opportunity to re-emphasise the urgent need for patent law reform in South Africa to ensure affordable and equitable access to health products. Fix the Patent Laws coalition is inviting you to join a media engagement where a range of experts will delve into the complexity of patent systems and how that relates to the current COVID-19 crisis.
