

A photograph of the Atomium structure in Brussels, Belgium, at dusk. The structure consists of three large, spherical nodes connected by a network of white tubes. The spheres are illuminated from within, creating a warm, golden glow that contrasts with the cool blue and purple tones of the twilight sky. A small Belgian flag is visible at the top of the structure. The overall mood is serene and iconic.

**Eigentlich
sollte das
Atomium
6 Monate
lang stehen
bleiben.**

**In der Zwischenzeit
ist es seit
60 Jahren
da und hat
eine schöne
Renovierung
erfahren.**
