

10 Things to Know About Pixel 9 Pro Fold

1

Pixel 9 Pro Fold. An epic display of Google AI.

Meet Pixel 9 Pro Fold. It's engineered by Google and brings you the best of Google's AI first. With the largest display on a phone,¹ you can multitask in Split Screen² and enjoy big screen entertainment on the 80% brighter³ 8-inch Super Actua Flex inner display.⁴ Snap brilliant selfies with the powerful rear camera, and use tabletop mode for hands-free pics. With Pixel's fastest, most powerful Tensor G4 processor and 16 GB of RAM, Pixel 9 Pro Fold is super quick and efficient, delivering Google's cutting-edge AI features seamlessly.

Pixel 9 Pro Fold starts at \$1799. It's available in Porcelain and Obsidian.

2

Slim, sophisticated, and super durable.

Pixel 9 Pro Fold has a new and durable design. When it's folded, it works just like a regular phone, with a 6.3-inch outer display.⁴ It features a silky matte back with a satin metal frame, and a polished hinge. Pixel 9 Pro Fold is the thinnest foldable you can buy,⁵ and easily fits in your pocket. It can lay fully flat, or be used in tabletop or tent mode. It's built to last with an IPX8 rating⁶ – which means it's water resistant – a durable hinge, and Corning® Gorilla® Glass Victus® 2 on the outer display and back. And the all-new hinge is made of stainless steel with an aerospace-grade high-strength aluminum alloy cover, so it'll hold up fold after fold.

3

More immersive entertainment.

Whether you're at home or on the go, feel like you're part of the action with the 8-inch Super Actua Flex inner display.⁴ Pixel 9 Pro Fold is the perfect device for hands-free viewing. Set it on a surface in tabletop mode for an easy, convenient way to watch your favorites. Or kick back, relax, and play a video game on the large screen. And you can multitask without missing a thing. With Split Screen, you can stream on one side, and do something else on the other.² Pixel 9 Pro Fold lets you enjoy big-screen entertainment and effortless multitasking from anywhere.

4

Gemini. Your built-in AI assistant.

Gemini helps you supercharge your creativity.⁷ Press and hold the power button to write stories and blogs, plan events, or learn new things. Gemini can help you pull party details from an invite in Gmail, or suggest nearby florists in Google Maps.

You can use Gemini with Split Screen on Pixel 9 Pro Fold to do more things at once and get more done throughout your day.² Chat with Gemini to get

more info about what's on your screen or in your photos and take action – like finding a recipe you can make from what's in your fridge. You'll also get access to extra AI capabilities with one year of the Google One AI Premium Plan.⁸ This includes Gemini Advanced, Gemini in Gmail and Docs, and 2 TB of cloud storage – all to help you supercharge your creativity and productivity.

5

Get it done and then some.

With Pixel 9 Pro Fold, you can do more things at once using Split Screen on the large inner display.² Open and use two apps side by side to multitask and get more done throughout your day.

Pixel Screenshots remembers the details, so you don't have to. This Pixel-exclusive AI feature uses Gemini Nano to help you easily save, organize, and recall things you want to remember – like events and locations.⁹ Simply speak in a conversational way to find what you need, right when you need it.

And Call Assist remains one of our users' most beloved features, making it easy to make (or avoid) phone calls.¹⁰

6

Pixel 9 Pro Fold camera.

With a flexible design and an ultra thin advanced triple rear camera system with AI built-in, it's easy to snap brilliant selfies, take incredible group pics, and add custom edits. The Pixel 9 Pro Fold camera has incredible wide, ultrawide, and telephoto lenses with 5x optical zoom, and up to 20x Super Res Zoom.¹¹ So you can get super sharp closeups from far away. Use Macro Focus to reveal vivid color and striking contrast in photos and videos of even the smallest subjects. With Pro controls, you can unlock advanced camera settings, including manual focus for more creative control over your camera.

Pixel 9 Pro Fold also has cutting-edge video processing. With Night Sight Video, you can take amazing videos from dusk to dawn. After you record a video at night or in low light, Google's advanced AI applies noise reduction to boost video quality. So you capture rich detail and color, at night or in low light.

7

Photo capture and editing is a dream on the big screen.

Google AI on Pixel 9 Pro Fold makes capturing and editing photos a dream on the big screen. Are you often stuck being the photographer? Add Me makes sure no one, including you, is left out of a photo. Simply take one photo with the group, then swap in the photographer, and Pixel magically merges both photos.¹¹

And taking a photo is just the beginning with Pixel's advanced editing tools. Magic Editor can now automatically reframe your photo to suggest the best crop, and even expand your image to get more of the scene. You can also use the new reimagine feature to give your photos a whole new look – add fall leaves, or make the grass greener. Just tap what you want to change in the photo, and type what you want to see.

8

Do more with dual screens.

Pixel 9 Pro Fold's two-screen design allows you to capture photos and videos that regular phones can't. Get higher-quality selfies using the powerful rear camera¹³ – just unfold, frame yourself using the outer-screen preview, and snap. And it's easy to take group shots that capture everyone looking their best – while you set up the photo, the group previews it on the outer screen, posing just right. You can take great pics of kids with Made You Look – while you frame the photo, they see fun animations that'll help get them looking straight at the camera and smiling.

The dual-screen design also improves Meet calls. Callers are shown on both the inner and outer screens, so everyone's included. And they see both you and what you're looking at. Having two screens on Pixel 9 Pro Fold also makes face-to-face translations with Google Translate even easier, because translations appear on both the inner and outer screens.

9

Protects you and your information.

Pixel protects you from spam, scams, and other threats, and looks out for your safety, too. You'll get emergency help when you're off the grid with Satellite SOS. Pixel can connect you to emergency services via satellite to get help, and also share your location with your emergency contacts.¹⁴ And it can now help you check the background and context of an image you come across online, showing information, when available, that can indicate if it was created with AI. Just circle the image on your screen to search it and pull up the "About this image" feature.

In the event that your phone is stolen, Pixel helps safeguard your sensitive data by automatically locking down the device if it detects suspicious activity – or you can quickly lock it online remotely.¹²

10

Built to last. 7 years of OS, security, and Pixel Drop updates.

Pixel phones get even more helpful over time. Every Pixel 9 Pro Fold comes with 7 years of OS and security updates, and new and upgraded features with Pixel Drops.¹⁵

- 1 Among foldable phones in the US. Based on inner display.
- 2 Split Screen requires compatible apps.
- 3 Brightness compared to Pixel Fold.
- 4 Screen has rounded corners. When measured diagonally as a rectangle, external screen is 6.3 inches and internal screen is 8 inches. Actual viewable area is less. Dimension may vary by configuration and manufacturing process.
- 5 Among foldable phones in [GEO NAME]. Measurement does not include camera bump.
- 6 Designed to comply with water protection rating IPX8 under IEC standard 60529 when each device leaves the factory but device is not waterproof or dust proof. The accessories are not water resistant. Water resistance is not a permanent condition, and diminishes or is lost over time due to normal wear and tear, device repair, disassembly or damage. Phone is not drop/tumble proof and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles, slips, and other external forces are not covered under warranty. Liquid damage voids the warranty. See g.co/pixel/water for details.
- 7 Gemini mobile app available on select devices, languages, and countries. Internet connection required. Check responses for accuracy.
