

**Defining ride quality.
Re-defining custom.**

Materials don't make a bike. Hands, heads and hearts do.
We combine the most advanced materials and technology with a
craftsman's obsession for detail, in pursuit of a single goal: the perfect
bike. Born in the Pacific Northwest; raised on your favorite roads.
Argonaut.

Argonaut is making a limited number of custom
bicycle frames each year. We want to make sure
every customer gets the attention they deserve,
and we meet our commitments to the minute.
Please inquire at ben@argonautcycles.com about
lead times and availability.

Thank you.
