

LONGINES LEGEND DIVER

L3.764.4.06.6

With its timeless design and cutting-edge performance, the Longines Legend Diver has been a veritable icon of the brand since 1959.

This 39 mm-diameter model, certified as a divers' watch (ISO 6425) and water-resistant to 30 bar (300 m), is powered by an exclusive Longines calibre L888.6 equipped with a silicon balance-spring and resistant to magnetic fields. This self-winding mechanical movement offers a power reserve of up to 72 hours. The entire watch is chronometer-certified by the COSC. The elongated indexes and raised Arabic numerals are coated with Super-LumiNova®, as are the polished rhodium-plated arrow hands. A figure of a diver, the symbol of the collection, is stamped on the perfectly angled screw-down case back.

This model features a green dial and a stainless-steel bracelet fitted with a double-safety folding clasp with micro-adjustment.
