SOLEIL NEIGE COLLECTION

The peak of Soleil. Inspired by the new Soleil Neige Parfum, this collection conjures the breathtaking majesty of an alpine summit basked in solar light. A celebration of alpine splendor, this quartet of limited-edition products features shades that embody winter radiance, evoking the shimmer of sun on snow.

SOLEIL NEIGE GLOSS LUXE

A luminous liquid balm to be worn alone for light-as-air coverage and glass-like shine — or layered over lipstick for fuller-looking lips.

The sensorial formula, blended with avocado, jojoba, and chamomile flower oils, comfortably plides onto lips for a pristine wash of color that offers sheer-to-medium coverage.

Available in 3 shades: 16 Celestial, 17 Peak Flush, and 18 Pinnacle.

Suggested Retail Price: €60

Available at De Bijenkorf and debijenkorf.nl.

SOLEIL NEIGE EYE COLOR QUAD

New Soleil Neige Eye Color Quad in 01 Black Diamond expertly enhances lids with smoldering shadows — and sheer, buildable frosted shimmer.

These silky-smooth powder shadows gild lids with vivid color — conjuring the sunlit summit of a winter mountain paradise.

Suggested Retail Price: €85

Available at De Bijenkorf and debijenkorf.nl.

SOLEIL NEIGE BLUSH HIGHLIGHT DUO

A lightweight, seamlessly blendable blush-highlighter duo that creates a luminous, glowing look of winter-kissed skin.

The cream-to-satin Soleil Neige Blush Highlight Duo in 01 High Altitude makes recreating the natural flush of skin warmed by solar light atop an alpine summit remarkably simple. The sheer highlight draws light to optically lift facial highpoints, while the blush shade adds dimensional rosy color.

Suggested Retail Price: €82

Available at De Bijenkorf and debijenkorf.nl.

SOLEIL NEIGE SHIMMERING BODY OIL

A conditioning all-over illuminator, the iconic Shimmering Body Oil adds a seductive gleam to skin while tempting the senses with the cool, bergamot and white floral-infused scent of Soleil Neige.

Suggested Retail Price: €108

Available at De Bijenkorf and debijenkorf.nl.
