

TOM FORD BEAUTY

AVAILABLE AS FROM MID-SEPTEMBER 2025

TOM FORD OUD VOYAGER

Experience a journey through time where the past, present and future unite ancient oud with a futuristic floral. TOM FORD Oud Voyager is a Private Blend scent odyssey that premieres the exclusive floral oud tri-distillate — a bespoke creation that uniquely crafts enigmatic oud with two stellar florals: geranium and living red peony™ accord.

“Oud Voyager features a beautiful quality of oud that has a woody, ambery effect, magnifying the ancient note’s enigmatic brilliance. It brings the iconic oud ingredient into the future through modern fragrance technology. The exclusive floral oud tri-distillate is a magic combination of florals and oud that captures the sense of hyper-saturated colors and mystical oud.” says Dominique Ropion, Master Perfumer

Geranium absolute, with its rosy, fruity vitality, brings an element of colorful exuberance. Cardamom and saffron oils lend an enveloping warmth. Citrus freshness intertwines with the bold vibrancy of pink pepper notes for a dazzling embarkment on an olfactive journey.

From the shadows, a living red peony™ accord emerges. This undeniable sensuality is captured through a headspace technology that preserves the peony’s velvety luminosity without disturbing the delicate flower. A fragile globe is placed carefully around the flower, while a sophisticated wax-tipped needle extracts the flower’s scent molecules which are then studied and selectively stitched into the fragrance’s composition.

An exclusive oud harvested specifically for TOM FORD anchors the fragrance with its woody zeal. The powerful essence seamlessly interlaces with narcotic petals as earthy nuances of patchouli, vetiver, cypril and musk bring the epic story to its zenith.

The TOM FORD exclusive ingredient, the floral oud tri-distillate, is a molecular distillation of all three of the ingredients that amplifies the scent’s undeniably modern magnetism.

Oud Voyager is contained in a translucent, violet-hued Private Blend flacon with platinum-toned accents — a sensuous counterpart to the soulful Oud Wood bottle. The 30mL, 50mL, 100mL bottles decanter are monuments to any vanity or grooming area.
