OUT OF THE BLUE

Tiffany

Blue Book 2023: *Out of the Blue* celebrates Jean Schlumberger's fascination with the sea and its whimsical creatures. The legendary Tiffany & Co. designer choreographed unparalleled manifestations of its majesty and mystery. The new Tiffany High Jewelry collection—designed by Nathalie Verdeille, Chief Artistic Officer, Jewelry and High Jewelry, Tiffany & Co.—reinterprets his oceanic masterpieces in seven themes: Shell, Coral, Jellyfish, Pisces, Starfish, Sea Star and Star Urchin.

With geometric and stylized aesthetics, each creation exudes alluring beauty, realized through unparalleled innovation and exceptional craftsmanship. A deep dive into aquatic life, Blue Book 2023: *Out of the Blue* reimagines a legacy as the surreal becomes even more fantastical.

SHELL

The seashell is a natural treasure of the sea. Each is unique—perfect or imperfect—and always beautiful. This theme explores the three-dimensionality of these objects sculpted by the ocean.

JELLYFISH

Perhaps one of the most surreal creatures to be found beneath the ocean's surface, the jellyfish moves through the sea like a dancer. Ethereal, luminescent and curvaceous, this theme explores the creature's fascinating color palette and organic shape.
