

## Domori awards

### ***Tavoletta d'oro***

Tavoletta d'oro award is the most important and reliable among the premium chocolate awards in Italy. It is assigned following specific evaluation methods created by “La Compagnia del cioccolato”, a twentyyears old active group, which includes more than 1000 members, which could be simple “food of the gods”lovers, professional tasters, food journalists or famous chefs. Domori is the only Italian company, which won the Gold Medal in the origin dark chocolate category every single year since 2003.

### ***Palma d'oro***

Excellence cannot be improvised. Creating a premium chocolate is an art, that requires passion and commitment. In fact, Domori gained the “Palme d'Or” at Salon du Chocolat edition 2011 in Bologna, thanks to knowledge, accuracy, hard work and devotion to cocoa.

### ***Academy of Chocolate***

The Academy of Chocolate of London was founded in 2005 by five of Britain's leading chocolate professionals, united in the belief that eating fine chocolate is one of life's great pleasures. Academy members meet to taste, discuss, demonstrate and debate issues regarding sourcing, transparency and the journey from bean to bar. The Academy of Chocolate Awards aim to recognise and showcase great-tasting chocolate and its producers. The most important mention for a Bean to Bar producer such as Domori is the Gold Medal.
